The belief, prevalent and persistent, in Ireland that Charles Stewart Parnell is not dead and that he is now in Africa and none other than the Boer soldier who has been known to the world as Christian DeWet is one of the curiosities of modern history. The thing is all explained by those who believe it and the strong resemblance between Parnell and DeWet is pointed out.

The story that Senator Platt has been deposed as dictator of the New York machine by the machinations of Senator Hanna, who has decided to fill the position himself, is not generally credited, though there is no current belief that the Ohio man would be averse to that sort of personal expansion. It is said Hanna has done the trick by promising that there shall be no legislation by the New York legislature adverse to the corporations, but there is no reason why Platt should not have made the same sort of a promise.

It is to be hoped that there is great exaggeration in the story published in a New York paper about a "vivisection party" arranged for the pleasure of four American girls in Paris, because such parties are said to be the latest fad there and the girls wanted to see all the sights. According to this tale some of the most fearful cruelties were practiced on dogs and cats by a young physician merely to amuse the spectators, and the affair was only brought to a conclusion by the fainting of two of the Americans. But even if exaggerated, even if there is a basis of truth in the reported presence of American girls, the thing is shameful. Paris is credited with all sorts of sins in the business of purveying sensations, but Americans need have no part in such atrocities as this. Vivisection for the sake of science is quite bad enough.

### AN ANOMALOUS VOTE.

A well-informed Californian, who is intimately acquainted with the politics of the Pacific coast, scouts the claims of the republicans to the state of Washington, and for a curious reason. He declares that in the state of Washington, as in no other part of the country, the republicans owe their strength more to the Irish than to any other element of voters. He explains that these Irish moved into Washington from California, in which state in the early days they were followers of Senator Broderick, who was killed in a duel by the late Judge Terry just before the outbreak of the civil war. Broderick was a leader of the Douglass democrats and when he was killed his followers among the Irish of California turned republicans. This, it is said, accounts for the heavy Irish republican vote in San Francisco and other parts of California, as well as that of Washington.

Now it is claimed that the Irish despise England first and vote with the party that is least English. The administration's attitude toward the Boers and the general belief that there is a very sympathetic understanding if not actual alliance between the administration and the Salisbury government have had their effect upon the Irish republicans of the Pacific coast. It is stated that not an Irishman in that region, particularly in Washington, will vote the republican national ticket this year. Of course, this statement is clearly an exaggeration, but it is probable that many Irishmen who have been loyal to the republican party heretofore will cast their first democratic ballot next month.

It is claimed that Col. Dick Kerens, of Missouri, who, with Perry Heath, went west a couple of weeks ago, closely investigated the Irish vote in Washington and will report to Mr. Hanna in accordance with the statements here made.

# DAMAGES WANTED

## WIDOW OF MURDERED MAN IS SUING HIS SLAYERS.

## THE MURDERERS ARE IN JAIL

## OUTCOME OF THE TRAGEDY AT SWAYZEE.

Marion, Ind., Oct. 2.—Mrs. Elizabeth Stilwell filed suit in the superior court yesterday against Mark and William Nesbitt for $10,000 damages. The Nesbitts shot and killed Francis Stilwell, husband of the plaintiff, in Swayzee, September 5. The Nesbitts are desperadoes and have terrorized the rural towns of the county for several years. They rode into Swayzee on the evening of the 5th of September, went to Stilwell's saloon, secured two revolvers and started to the jail to release a friend who was confined there. Stilwell followed them to the street and demanded the return of his revolvers, when the Nesbitts shot him. They mounted their horses and rode away. They were pursued by the sheriff and posse. They were captured after a long chase and placed in jail here. They are awaiting trial on the charge of murder. They both own good farms in this county and their father is wealthy.

## NICHOLSON LAW IS DOOMED

## SO SAYS PRESIDENT OF THE STATE LIQUOR DEALERS.

### SAYS THE LAW IS DOOMED.

Indianapolis, Oct. 2.—J. H. Schaub, president of the Indiana Saloonkeepers' league, announced yesterday that the state in a few months more will be wide open. He declares that the Nicholson law, a measure passed five years ago, preventing the sale of liquors in Indiana on Sunday or after 11 o'clock at night, is doomed; that a new bill will be presented to the legislature this winter allowing practically all the freedom desirable by the saloonkeepers.

### STABBED HIS WIFE.

Bedford, Ind., Oct. 2.—In a fit of jealous rage Jesse Peters tried to murder his wife by cutting her and stabbing her with a large butcher knife. She escaped from him before she was seriously injured and took refuge at a neighbor's. The police were sent for and when the officers appeared Peters cut his own throat from ear to ear. It is thought he will recover, as he did not sever the jugular vein. He worked in the Hoosier quarry and was a peaceful citizen. No cause is known.

### FIGHTING STREET CAR UNION.

Marion, Ind., Oct. 2.—Rezin Orr, of Detroit, Mich., international treasurer and general organizer of the Street Railway Employes' association, has arrived in the city to assist in the movement of organizing the employes of the Union Traction company. At a meeting of the men Saturday night Mr. Orr assured them that he was here to remain until the differences between the employes and employers were adjusted. The company discharged another man Saturday night—George Stanley, section boss of the Marion division—because of his affiliation with the union, and this has renewed the determination of the employes to perfect the organization.

### EVANGELICAL CONFERENCE.

Logansport, Ind., Oct. 2.—The annual meeting of the Elkhart district Evangelical ministerial association met here yesterday and continues over Wednesday and Thursday. Ministers from Anderson, Huntington, Elkhart, Peru, Marion, Wabash and the other towns of the district will be here. During the session ministers will be selected for the various pulpits of the district.

### SOLD TO AN ILLINOIS EDITOR.

Wabash, Ind., Oct. 2.—J. J. Martin, owner of the North Manchester Rays of Light, a republican paper, founded ten years ago, has sold the property to W. B. Billings, owner of the Cerro Gordo (Ill.) Era, who takes possession at once. Mr. Billings will continue the paper as a republican journal.

### WEIK'S TRIAL CONTINUED.

Terre Haute, Ind., Oct. 2.—The case against Jesse Weik, of Greencastle, a well known republican politician, was set for hearing yesterday before United States Commissioner Higgins, but was continued until October 22, because, as stated, Mr. Weik was too ill to be present and because the postoffice inspector could not attend. As Mr. Weik has been seen on the streets of Greencastle several times since he jumpd from the moving railroad train, it is charged here that the government is not disposed to push the case. It was stated after the exposture that Mr. Weik would be able to escape prosecution through a "pull" with President McKinley, and some people who are watching the case are beginning to believe that the first statement was true.

Mr. Weik is charged with falsely impersonating a postal inspector in that he has been traveling for several years on an expired postal inspector's pass. When Mr. Weik discovered the identity of the inspector on the train on which he was riding he jumped when the train was moving rapidly.

### A SHAKE-UP AT WABASH.

Wabash, Ind., Oct. 2.—There are rumors of a shaking up among the force of carriers in the Wabash postoffice. It is said that serious charges have been preferred against one man, and that an investigation by the department officials is in progress. A change in at least one of the carriers is looked for.

### A RUN OF ILL LUCK.

Logansport, Ind., Oct. 2.—Six weeks ago James Roach walked out of a second-story window while sleeping, and Friday, while walking out to regain his strength, a workman on a new building dropped a brick on his head, inflicting a dangerous injury.

## CONFERRED WITH MR. GEIL

### PASTORS AND LAYMEN MEET THE EVANGELIST.

### Preliminary Arrangements for the Meetings in This City in November—The Committees.

William Edgar Geil, the distinguished evangelist who is to conduct a series of evangelistic services at Princess rink in November, was in the city last evening and a committee of pastors and laymen met at the Berry street M. E. church at 4:30 o'clock to arrange some preliminaries for the work.

Rev. L. L. Henson called the meeting to order and Rev. W. D. Parr was elected president, with Rev. J. W. Lake as secretary pro tem. It was agreed that this organization be permanent. Dr. Geil spoke at some length relative to his work, answering many questions as to plans and methods of the meetings.

Upon motion a committee composed of Paul Mossman, Dr. Leeper and Rev. J. W. Lake was appointed to district the city for preliminary prayer service and to arrange for leaders for each district. There will be seven chairmen of as many committees, and Messrs. E. A. K. Hackett, E. P. Dailey and Mr. Burroughs were appointed as a committee to choose these chairmen. It was also decided that the executive committee arranged by the Ministerial association, composed of Rev. L. L. Henson, Rev. D. W. Moffat and Rev. W. D. Parr, be constituted a permanent executive committee.

Evangelist Geil made a most profound impression upon all who heard him, and it is confidently expected that the forthcoming series of evangelistic services in Fort Wayne will be productive of unmeasured good. The evangelist left last evening to continue his work at Kansas City.

### WILL BE WEDDED TONIGHT.

The marriage of Miss Edith Yarnelle and Mr. Hugh G. Keegan will be solemnized at 6 o'clock this evening at the residence of the bride's parents, Mr. and Mrs. E. F. Yarnelle, and Rev. Dr. D. W. Moffat, of the First Presbyterian church, will officiate. The prominence and popularity of the young couple have contributed toward making the approaching nuptials the chief event of interest in society circles for several weeks, and while the invitations to the wedding included only relatives and immediate friends, the list was an extended one, and the company of guests will be very large. During the past week the young ladies who make up the bridal party have given a number of delightful little companies for Miss Yarnelle, and these events closed last evening with a complimentary dance at the Fort Wayne club in honor of Miss Yarnelle and Mr. Keegan. Reineke's orchestra furnished the music for the occasion and Lachlin served punch and coffee and sandwiches. At the wedding this evening Miss Ethel McGrew, of Greenfield, Ill., will be the only out-of-town member of the bridal party. She will act as the bride's maid of honor. The reception hours are from 9 to 12.

# PROUD OF HER HAIR

Miss Irene Ackerman, the well-known dramatic reader, writes us the following letter from her residence, 20 W. 15th Street, New York City. This talented and versatile young lady has made an enviable name for herself on the stage by her excellent work in support of some of the leading stars, besides being noted in literary and art circles as an adept with the pen and pencil. She is justly proud of her magnificent head of hair, which is shown to advantage in the accompanying photograph.

"Some time ago, when my hair was brushed, I noticed more and more the increase of hair left on the comb. My scalp became dry and my hair grew thin so rapidly that I had to change the style of wearing it. I then tried various hair tonics, the effect of which was to make my scalp exceedingly tender, and the hair stiff and brittle when dry. I resolved to try Cuticura Soap. The comfort I experienced before I had given it a long trial was so great that I determined to continue it. Taking care to have the room warm, I would shampoo my head with a strong lather of Cuticura Soap, letting it remain for some time. I would then wash it off with warm water, and dry thoroughly. After a short time my hair ceased coming out, growing soft and silky to the touch. Cuticura Soap is marvellous, and I would not be without it for my toilet table."

SAVE YOUR HAIR with shampoos of Cuticura Soap and light dressings of Cuticura, purest of emollient skin cures. This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

## MILLIONS OF WOMEN

Use Cuticura Soap exclusively for preserving, purifying, and beautifying the skin, for cleansing the scalp of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sore hands, in the form of baths for annoying irritations and chafings, or too free or offensive perspiration, in the form of washes for ulcerative weaknesses, and for many antiseptic purposes which readily suggest themselves to women, and especially mothers, and for all the purposes of the toilet, bath, and nursery.

Sold throughout the world. Price, 25c. Potter Drug and Chem. Corp., Sole Props., Cuticura Remedies. "All about the Skin, Scalp, and Hair" free.

Navassa Island—which lies south of Haiti in the Caribbean sea, and can be sighted from the decks of vessels passing from New York to the isthmus—was the only outlying possession of the United States until we asquired Porto Rico and the Philippines. It is covered with phosphates, but was uninhabited until a Baltimore company discovered its riches and sent a gang of men to work the mines.

Double-Breasted Sack Suits

For Men's Fall and Winter Wear.

# SWEETEST MUSIC

### WAS THE RATTLE OF MACHINE GUNS AT PEKIN.

### INCIDENT OF RELIEF OF PEKIN

### HOW THE FIRST NEWS CAME DURING THE SIEGE.

### AMERICAN WOMAN'S STORY

### MRS. WOODWARD, OF CHICAGO, TELLS OF THE SIEGE.

San Francisco, Oct. 2.—Rev. C. H. Fenn, a returned missionary from Pekin, tells of the first receipt during the siege of direct news by Minister Conger from Secretary of State Hay. He says:

"On July 17 we received a message from the outside world that said, 'Communicate tidings bearer.'

"There was no date and signature. Mr. Conger sent it to the tsung li yamen with the request that it be made plain. He received in reply a copy of Minister Wu's dispatch, which stated that the United States government demanded word from Minister Conger in cipher. That message made our hearts jump with joy. Conger sent his reply at once.

"The night before relief arrived we heard the rattle of the machine guns at a distance, and it was sweet music. Everybody got up—it was about 1 o'clock—the women made coffee and there was no more sleeping that night.

"The next day, as the Americans came in, I went down and shook hands with each man as he came through the watergate."

### A WOMAN DESCRIBES SIEGE.

San Francisco, Cal., Oct. 2.—Mrs. M. S. Woodward and her daughter, Ione, of Chicago, were among the passengers on the steamer Coptic, which has arrived from the orient. Mrs. Woodward and her daughter were guests of Minister Conger at Pekin and were in the two months' siege with the members of the legations, ate horse and mule meat and enjoyed the experience of being in the heat of almost continual fighting for sixty days. Mrs. Woodward and her daughter landed from the Copic yesterday and at the dock were met by Mr. Woodward, who had journeyed from Chicago to greet his wife and daughter. Mrs. Woodward talked freely of the terrible experiences through which she and her daughter had passed. She said:

"I shall never forget the experiences of those two months. I kept a diary of the incidents of the siege, which I shall soon publish, together with the photographs I secured. I have more than 200 pictures I took during the siege, many of which I secured only at great risk. Some are photos of 'boxers' in battle, made while the mobs were charging on the legation wall.

"It is difficult to describe one's feelings during an experience such as we went through during those awful two months at Pekin. We were all in a perilous plight and we all realized it, but we did not dare to think of danger. As you may know, we started to leave Pekin on June 5, but we were one day too late. Accompanied by a small guard that was placed at our disposal by Minister Conger, we went to the railroad depot on the morning of that day and waited from 7 o'clock in the morning until 11 o'clock at night for a train to take us to Tien Tsin.

**THE TRAIN NEVER CAME.**

"But the train never came. Train connection with the outside world had been cut off the day before. So we all went back to the legation and prepared for the worst. We were surrounded by a howling mob of Chinese at the railroad depot and made our way back to Legation street with much difficulty, although none of the Chinese offered to do us bodily harm. It was not very long thereafter that the serious trouble began, however. The very next day the missionaries from the burned Catholic cathedral at Nantung came to the legation for protection and we had our hands full looking after their wants. There were hundreds of maimed, bleeding and native Christians who had barely escaped the wrath of the mob with their lives. I saw little children with spear wounds all over their bodies and many others, old and young, bleeding and burned. I became a nurse with other ladies at the legation and was assigned to duty every other night.

"After we all took refuge in the British legation elaborate plans for our defense were undertaken. We experienced no difficulty in getting to the British legation, although constantly harassed by the 'boxer' mob. The Russian legation stood between the American and British legations. The men cut through the intervening walls and then made our retreat secure as possible by erecting barricades.

**WOMEN WORK ON BARRICADES.**

"There was plenty of work for the women. We sewed the sand bags for the barricades, and the world never looked on such magnificent sand bags. Our forces made a sortie, captured the establishments of a number of rich Chinese merchants and appropriated enough silks and rich stuffs to clothe an army in regimentals rich as Solomon's. This all went for sand bags. We made sand bags out of costly silks and the richest embroidered fabrics to be found in the realm of the dowager empress.

"After this there was continual fighting day and night. The 'boxers' were not wanting in diligence and one night captured the wall held by our forces. It was the wall of Pekin that separated us from the native city. We regained it, however, through the heroism of Captain Jack Myers, of the Oregon, and twenty of the Newark's men. With his score of brave lads he made a dash for the wall and captured it without a scratch. Shortly after that Captain Myers received a spear wound and on top of that suffered an attack of typhoid fever that threatened his life."

Mrs. Woodward says that at no time was there any scarcity of food, although it was not of a very desirable quality. There were plenty of canned meats, vegetables and preserves on hand and a liberal supply of wines, so that the injured and invalids did not want for proper nourishment or delicacies. The need of fresh meat, however, necessitated the slaughtering of horses and mules. At the beginning of the siege there were 109 animals at the legations. When the rescue force arrived only ten were left. Some of the horses were prized highly as saddle ponies by their owners, but they had to be killed to fill the needs of the legationers. Mrs. Woodward said:

"I don't care much for horseflesh. Some of the people took a remarkable fancy to horseflesh and mule steaks, which are a little sweeter than horse meat."

The Woodwards are staying at the Occidental hotel and will remain there until ready to start for Chicago.

### THEORIES ABOUT CATARRH.

Peculiar Ideas Regarding a Common Disease.

Mark Twain's cure for a cold in the head was simple, but he claims very effective in his own case; his plan was to eat nothing whatever for twenty-four hours or presumably until the trouble had disappeared.

Although not able to speak from personal experience as to the effectiveness of this treatment, it certainly has the merit of extreme economy, but it occurs to us that the application of it to a case of nasal catarrh might be attended with difficulties.

Catarrh, as every one knows, is a chronic cold in the head and Mr. Twain's treatment, if it should become a fad, would make of us a nation of fasters; an army emulating the example of the immortal Tanner who achieved world wide fame by fasting forty days.

Catarrh is certainly becoming a national disease and there is little doubt but that errors in diet, particularly over eating is a very common cause.

Most people, however, are more interested in the cure of the trouble than in the cause, and modern medical science has produced more effective and less heroic remedies than Mr. Twain's.

Guaiacol is a new remedy, very effective in some forms of Catarrh. Eucalyptol is another which on account of its antiseptic properties is very valuable, while many severe cases of chronic catarrh have been entirely cured by the sanguinaria or extract of Blood root alone.

Within a year an enterprising chemist has combined all of these remedies in tablet form, palatable and conventent and the superiority of this tablet over other catarrh remedies is so apparent that all druggists now carry them in stock to supply the popular demand.

They are called Stuart's Catarrh Tablets and it is doubtful if any medicine has achieved a national popularity in so short a time as this.

Stuart's Catarrh Tablets are used by thousands of traveling men because they can be carried in the pocket and used any time in any quanity being free from Cocaine, opiate or any poisonous drug.

They clear the head and throat from the disgusting secretions of catarrh, very often in a few hours' time.

For nasal Catarrh they are far superior to any wash, lotion or ointment the use of which is often inconvenient and annoying as the disease itself.

For coughs, colds, bronchical catarrh and catarrh of the stomach these tablets give immediate relief and a pemanent cure where lotions, douches and inhalers make no impression whatever.

This preparation is a boon to catarrh sufferers and any druggist will tell you that Stuart's Catarrh Tablets is a remedy that has come to stay.

# CAME HERE AFTER A BRIDE

### WILLIAM LITTLE, A NEBRASKA FARMER, MAKES LONG TRIP.

### Learns That His Intended is an Inmate of Fannie Joy's Bauer Avenue House.

William Little, a Nebraska farmer, whose home is only a few miles from Lincoln, Neb., came here today to meet and marry a woman he had never seen. Little is a well-to-do farmer, whose wife died about two years ago and left him with a family of five children. For them he wanted a housekeeper and unluckily for him struck up a correspondence with Mrs. M. C. Clark, who gave her residence as 111 Bauer avenue, Fort Wayne, Ind.

The letters became endearing and finally there were hints and finally a proposal of marriage. The woman needed money and altogether Little sent her $29. Mrs. Clark (?) was not anxious to marry at once and suggested that when they marry the ceremony be performed in Chicago, where she would meet her to-be husband. Little grew tired of waiting and decided to come to Fort Wayne and get his "darling." He arrived this morning and it didn't take him long to find out that the woman was an inmate of Fannie Joy's place, on Bauer avenue.

Officer Pappert helped ferret out the "never-to-be-bride" and at 2.30 o'clock this afternoon Detective Coling brought Mrs. Clark (?) to the police station, where Little was in waiting. The woman was not anxious to marry and the couple are talking matters over with Superintendent Gorsline as The Sentinel goes to press. One thing is certain, there will be no wedding.

A number of the arrivals today hold proxies for several clubs and it is likely that, while a large number of clubs will be represented, many will be represented by proxy.

# Make Home Beautiful

Fort Wayne is constantly growing up to finer house furnishings. This is especially true in carpets and furniture.

A little extravagance in house furnishings is a commendable thing; making one's home beautiful is just a little the best way in the world to spend money.

Then it is also well to remember that good furniture lasts a lifetime. If in purchasing you buy a cheap article you are soon dissatisfied with it and it will be thrown aside or sold to the second-hand man, to be replaced by the better article you should at first have chosen.

Upon the finer grades of goods we have established such a reputation that few Fort Wayne people ever think of purchasing elsewhere.

## Low Priced and Medium Priced Grades.

While we shall always carry a large line of fine goods, we shall look very carefully after the wants of those who require the low and medium priced goods. Our salesrooms are very extensive, giving us an opportunity for displaying an immense assortment of all grades of furniture, from the cheapest to the best.

If your bill of goods is a little larger than you wish to pay all cash for, come and see us and we will arrange it satisfactorily with you.

DREAMERS.
"There's nothing half so sweet in life as love's young dream." The old song is right. Lovers are dreamers. They create a special world in which they live immune from the hurts and ills which vex common humanity. In their estimate of household expenses there's no place for a doctor. And very often when the dream dissolves they find that the doctor's bill, the one thing they didn't count on, is now the one thing that's as regular as rent and taxes. And many times it is money wasted. Dr. Pierce's Favorite Prescription will do for a woman and her womanly ills, practically everything that can be done by any doctor or medicine. It regulates the periods, dries debilitating drains and cures inflammation, ulceration and female weakness. It makes childbirth easy, and thousands of nursing mothers have testified to its tonic and strength giving properties. It contains no alcohol, neither opium, cocaine or other narcotic.

Mrs. Annie Blacker of 629 Catherine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor. I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I have much better health, and now I have a fine, healthy baby."

## DAVID B. HILL ADDRESSES BROOKLYN MEETING.

## GREAT THRONGS HEAR HIM

## HE MAKES A STRONG PLEA FOR BRYAN.

## BEVERIDGE IN KANSAS CITY

## ELOQUENT HOOSIER SAYS WE NEED MORE MARKETS.

New York, Oct. 2.—David B. Hill was the principal speaker at the Academy of Music, Brooklyn, last night, the occasion being the opening of the democratic campaign in Kings county. The ex-senator's address was mainly on the subject of imperialism. He paid marked tribute to William J. Bryan and declared his election would be a national boon. Comptroller Bird S. Coler, who had been scheduled to preside over the meeting, was unable to attend.

The hall was crowded to its capacity when Presiding Officer John F. Clark called the meeting to order. A telegram of regret was read from Mr. Coler, after which Mr. Hill made his appearance upon the platform.

SAYS HE SUPPORTS TICKET.

Mr. Hill was applauded vigorously when he arose to speak. He said in part:

"I make no apologies to anyone for my activity in this campaign. I participated in the convention at Kansas City which framed the platform and named the candidates—a convention which treated me with marked courtesy from the commencement to the end of its proceedings—and as an honorable man I was bound to acquiesce in the result of its deliberations. I expressed my intention at the convention in seconding the nomination of our national candidate for president in behalf of the masses of the democracy of the state of New York to give the ticket not merely my acquiescent adherence, but my active support, and that assurance I am now fulfilling. I repudiate the idea so persistently inculcated by impracticable doctrinaries that every time a citizen is outvoted in a convention, a church, a corporation, or a society, even upon a material matter he is in honor bound to bolt and form another party, establish a new church, set up a rival corporation or organize a second society.

"It is the contention of the democratic party that the constitution is and must be supreme over every portion of our country. Hence there can be no such thing as an American colony belonging to the United States and over which our constitution has no jurisdiction. Such a situation is impossible under our form of government.

"But the attempt of the national administration to hold the Philippine islands against the consent of their people has led to the promulgation of a new doctrine in American affairs, which insists upon the establishment of a system of colonial government over conquered or purchased possessions, not to be turned into states or territories, but to permanently remain as colonies and to be governed by congress outside of the constitution and according to its own discretion. This position is unprecedented, unwarranted and revolutionary.

"It is a monstrous doctrine that the constitution does not extend to the territories. It has only now been invoked to justify the proposed establishment of colonial governments which are confessedly to be and remain outside of the constitution."

SAYS WE NEED MARKETS.

Kansas City, Mo., Oct. 2.—Senator Beveridge, of Indiana, was the principal speaker at the republican mass meeting here last night. He said in part:

"In this campaign the paramount issue is patriotism. For this is an American campaign. Higher than all partisan divisions are involved the interests of the American people against the interests of every other nation. Deeper than all surface discussion are involved the struggle of the American people for the markets of the world with every other progressive people for the markets of the world.

"Fellow citizens, markets are the mightiest factor not only in the prosperity of every one of you, but in the civilization of the world. Aside from revenue our tariff is of importance only as it affects markets for our products. Our financial system is of importance only as it affects market for our products. Money is only a medium of exchange. All the agencies of government are means to two great ends—the maintenance of social order and well being and the exchange of the products of human toil.

"The whole problem of prosperity today and for all the future consists in finding and securing to ourselves forever markets for what we produce in factory and on farm more than we ourselves consume."

PARK CARS ARE OFF.

Monday evening street car service to Robinson park was abandoned for the season, with the possible exception of next Sunday, when, if the day be pleasant, the cars will make their last trips to the park for 1900. A force of workmen are now putting the park in shape for the winter. Commencing today the Traction company began substituting closed cars for the summer cars on all the lines, as the evenings are already uncomfortably chilly for the open cars.

## UNITE AGAINST CIGARETTES

## YOUNG PEOPLE'S SOCIETIES FORM A FEDERATION.

## Fourteen Organizations Represented —High School Girls Join the Movement.

Fourteen young peoples' societies in Fort Wayne sent delegates to a meeting held Monday evening at the First Baptist church, and the result was the formation of a federation of the societies to carry forward the anti-cigarette and anti-vice crusade which is well under way.

Charles Hood, president of the Baptist Young Peoples' union, presided at the meeting, and Dr. W. T. Ferguson opened the meeting with prayer. Willis Brown, of Chicago, national chairman of the Federation of Young Peoples' Societies of America, explained the workings of the federation, and reports were made of the work recently done in the public schools of the city. It was decided unanimously to perpetuate the work, and a permanent federation was formed, with officers as follows:

Chairman—Paul Mossman.

Vice Chairman—Mrs. E. R. Gesaman.

Secretary—Will Myers.

Treasurer—Charles Hood.

Dr. W. F. Schrader was chosen as superintendent of the anti-vice department. The matter of a permanent superintendent for anti-cigarette work was left to the officers. The central council of the federation will consist of the presidents of the different young peoples' organizations, including the secretary of the Y. M. C. A. and a representative of the W. C. T. U. The general council shall consist of one member of each young people's society. The federation of young peoples' societies is simply a uniting of the existing forces for practical effort. The anti-cigarette work will be directly in charge of three trustees, Dr. W. T. Ferguson, E. R. Gesaman and M. S. Willson.

WILL MEET TODAY.

Two thousand boys and girls of the city schools have signed the anti-cigarette pledge, and in each school a boy and a girl have been elected as superintendents. This afternoon these will meet at the city hall at 4:30 to elect officers for the city anti-cigarette league, which is to be a part of the national organization, which has half a million boys and girls in its ranks.

HIGH SCHOOL LEAGUE.

Monday afternoon forty girls of the Fort Wayne high school united in the formation of an anti-cigarette league, elected officers and adopted a set of rules. The officers are:

President—Miss Clara Porter.

Vice President—Miss Charlotte Martz.

Secretary—Miss Hildegarde Lane.

Treasurer—Miss Mana Beebe.

THEIR RULES.

1. It is resolved that this association shall be called the High School Anti-Cigarette league of Fort Wayne.

2. It shall be the duty of every member to do all in her power to stop the use of cigarettes by young men.

3. Each member agrees to speak to as many young men as possible and at least one each week on the evil effects of cigarettes. A list of users of cigarettes and cigarette tobacco shall be furnished at each meeting with the names of those already spoken to.

4. If, after being spoken to on two occasions, a young man shall persist in using cigarette tobacco, all members hereby agree not to speak or notice him upon any occasion until he shall furnish positive proof that he has abstained from them for fully four weeks.

5. Pipes are not permissable.

6. These rules shall be printed and copies given to any young man who still persists in using cigarettes after being told once of the ideas of the members of the league.

7. Regular meetings shall be held each Friday at 4 o'clock p. m., for the checking up of cigarette users, and such other business as may come before the league.

News from Pekin is telegraphed to London at a cost of 50s 9d per word.

Local receipts were 421 cars, 27 of which were greded contract.

Lighter western recepits resulted in a November rally to 77⅞c, but the increase in the world's visible caused renewed selling and the close was heavy, November ½@⅝c lower at 77½c.

THE DAY ON WALL STREET.

New York, Oct. 2.—The realizing movement which set in yesterday afternoon was still in evidence at the opening of the stock market today and carried prices generally down a fraction. A sufficient number of stocks advanced a fraction to make the market slightly irregular. Business was not very active. About a half-dozen stocks, members of various groups, rose a point or over after the opening, but their movement had no notable effect on the general list. Sugar then ran off to 117 and nearly everything else reacted in sympathy. C., C., C. & St. L. common and preferred advanced 1⅛ on continued gossip of absorption by the New York Central. New York Central rose 1¼, Canada Southern 1¾ and Lake Erie and Western three points.

The Vanderbilt stocks rose strongly on very light dealings. New York Chicago and St. Louis, common and second preferred, and Lake Erie and Western preferred rose 1@2 points. St. Louis Southwestern preferred advanced a point and International Paper preferred sold up 1½. Otherwise the market for the active stocks was lower, but there was no pressure of stocks.

Bonds showed general strength.

## KRUGER GETS INTO THE GAME

## HE PLAYED SECOND BASE FOR ST. LOUIS.

## Made Two Errors but Hit the Ball and Scored Two Runs— Boston Beat Brooklyn.

Otto Kruger, the fast little infielder who did such grand work for Fort Wayne this season, got back into the game yesterday at Chicago and played second base for Manager Heilbroner's St. Louis team. As was often the case with Kruger while in the Inter-State, he made a couple of errors—wild throws. Generally his errors here were fumbles. But Otto atoned for these wild throws by lambasting the ball for a two-bagger and a three-bagger and scoring the only two runs scored by the St. Louis team. The Chicago Tribune, in speaking of his work, says:

"Young Kruger, who once played third base for Cleveland, but who has been trekking around the Inter-State league with the Fort Wayne club this season, was busy. Kruger essayed to hold Keister's laager against the enemy, and his bad marksmanship gave Chicago the lead early in the game. To make amends for his two wild throws Kruger proceeded to drive the ball around the field in merry style, and by two hard drives earned for St. Louis a pair of tallies to offset those his errors gave Chicago.

"But immediately after Kruger had atoned and evened up the score McGraw made a wee fumble, just enough to permit Strang to beat the ball to first, and as Jones followed up McGraw's mistake with another, Chicago went ahead and won handily."

TALKS THROUGH HIS HAT.

The South Bend correspondent of several metropolitan papers was taken a "ride in the wagon" by "Doggie" Miller while the Fort Waynes were in that city and in consequence sends the following dispatch to his paper:

"Manager Miller, of the Fort Wayne Inter-State league team, states that in all probability Pittsburg will have an Inter-State league club in 1901. Miller says Dreyfus is willing. The Pittsburg National league lease of the Allegheny grounds has only two more years to run, and the management is to lease a tract in East Liberty and install the Inter-State team there to test base ball in that location. Anderson and Marion will be out of the league next year because of poor attendance. South Bend has been asked to join the circuit, but refuses to have anything to do with league base ball."

## FIRED AT THE BARTENDER

## STRANGER DEMANDS A DRINK AT HARRY GILBERT'S.

## When Refused He Sent a Bullet Crashing Through the Mirror—Police News.

At 5:10 o'clock this morning a stranger stepped into Harry Gilbert's saloon on Calhoun street and demanded of the bartender, who had only recently accepted employment, that he be given a drink. The man had no money, and the bartender refused to give him liquor. The stranger hurriedly pulled a revolver from his pocket and fired across the bar at the head of the bartender, who is not a tall man. The bartender dodged below the bar as the man drew his gun and the bullet missed him and crashed into the big mirror, smashing it to pieces. The stranger turned and ran from the saloon and was seen running towards the depot, but only a few people were on the streets and as several ice wagons were in the vicinity the sound of the shot did not attract attention, but the fleeing man did, and Bide Barnett and several others, including the bartender, were able to give the police an accurate description of the gun-operator. The man was sober and unless he was crazy the bartender can not account for his desperate action.

The hour was at a time when the night police had just left their beats and it was some time before Officer Elliott and others learned of the shooting. The description was furnished all the patrolmen and a sharp lookout has been kept for the stranger all day.

POLICE NOTES.

There were two drunks in police court this morning, Mike Peet and Charles Lamburg, both arrested by Officer Rohrer. Mayor Scherer sent the fellows out of town.

Officer Murphy is sick and off duty.

A DIPLOMAT'S STEALINGS.

New York, Oct. 2.—A dispatch to the Herald from Valparaiso, Chili, says:

It is estimated that the amount of money alleged to have been embezzled by the former Spanish minister, Salvador Lopez y Guijarro, is more than $100,000. The money belonged to Spanish subjects, who are very indignant. Lopez received the funds from the Chilean government to pay damages sustained by Spaniards during the revolution of 1891. Having presented his papers of retirement, the minister disappeared without paying a cent to the claimants. A big fire occurred yesterday in the business center of Valparaiso. The loss was very heavy.

ROBBED THE GRAVE.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c., guaranteed, at Dreier & Bros.' drug store.

Robert Sowers moved into Fort Wayne from the country Monday and occupied a house near the corner of Montgomery and Lafayette streets. Francis, the son, started to the Clay school this morning, and at noon was dismissed with the other children. He failed to come home and to return to school and the parents believe he is lost somewhere in the city.

## THE YOUTSEY TRIAL BEGUN

## THIRD OF ACCUSED IN THE GOEBEL MURDER.

## The Prisoner Was Private Secretary to Governor Taylor—Attachments for Witnesses.

Georgetown, Ky., Oct. 2.—Henry Youtsey, a stenographer in the office of Governor Taylor during the latter's incumbency, was called for trial today in Judge Cantrill's court on the charge of being a principal in the shooting of Governor Goebel.

This is the third trial of those indicted in connection with the case, that of James Howard having resulted in the death sentence as a principal, and that of ex-Secretary of State Powers in life imprisonment for complicity.

An attachment was secured by the state for Attorney Scott, of Frankfort, whom, it was stated, will be an important witness. Sixty witnesses, of whom only twenty-one answered, were called by the prosecution.

Attachments were asked for the absentees and the prosecution announced its readiness to proceed with the trial.

Youtsey, accompanied by his wife, was brought into the court room. He appeared in good health.

Criminal statistics just published in Germany reveal the fact that the most marked increase in crime is shown by the agricultural provinces rather than by those containing the industrial centers. It is an exclusively agricultural province on the eastern frontier which is the most criminal. The statistics, it is claimed, also show an increasing tendency to crime in the empire as a whole.

# BEAT THE RECORD

SEPTEMBER BUSINESS THE HEAVIEST IN HISTORY.

## BLEY THE NEW YARDMASTER

WAS APPOINTED SUCCESSOR TO HARRY BRILL.

## ADDING TO THE SHOP FORCE

MORE MEN NOW THAN EVER AT ELECTRIC WORKS.

H. M. Elliott, local agent of the Indiana Car Service association, says that September, 1900, was a record breaker in the number of cars loaded and unloaded in this city. That month there were handled here 1,533 cars, against 1,322 the preceding month, and 918 in September, 1899. The best previous business was last April, when there were 1,412 cars loaded and unloaded in the city. Through freight is not considered in these figures. Mr. Elliott is of the opinion that October may do as well, and possibly better, than September. It is starting out well.

### THE LAST EXCURSION.

Persons wishing to take a cheap ride to Toledo must avail themselves of the opportunity next Sunday, for that will be the last chance they will have this season. The Wabash has concluded to make one more dollar excursion to that city on account of the grand joint meeting of the railway brotherhoods, which will be held in that city on next Sunday. The train will leave this city at 7:35 in the morning and returning leave Toledo at 9:30 in the evening. There will be ample accommodations for all and the railway company expects to take a big crowd to Toledo on that occasion.

### NEW GENERAL YARDMASTER.

Henry L. Bley, who has been the night yardmaster at the east yards of the Pennsylvania for some time, has been appointed general yardmaster, succeeding Harry F. Brill, whose resignation was noted in The Sentinel yesterday. Mr. Bley assumed charge this morning. He has been employed in the yards and on the road for ten or twelve years and is regarded as one of the best of men in that line of work. He is also a good fellow and the appointment could not have fallen to a man more popular with his associates than he. Henry comes from a family of railroad men, his father, Theodore Bley, being engaged in that business for over forty years and is still thus employed. This appointment was as much of a surprise as the resignation of Mr. Brill. Not that Mr. Bley is not competent, but gossip in casting about for the probable yardmaster entirely overlooked him, if the appointing power did not.

### INJUNCTION SUIT POSTPONED.

New York, Oct. 2.—The hearing on the application of Andrew Haines, of London, for an order to show cause why an injunction should not be issued restraining Edwin Gould and others from conducting the annual election of directors of the St. Louis Southwestern Railroad company has been adjourned until Thursday night by consent of counsel.

### THE WOOLEY SPECIAL.

Hon. J. G. Wooley, candidate for president on the prohibition ticket, spent the night in the city and left this morning on a special train on the Pittsburg for Columbus, going via Orrville and stopping at several places en route. He came in over the Lake Shore road at 10 o'clock, he and his party occupying two Pullman cars.

### BIGGEST FORCE IN HISTORY.

General Manager J. J. Wood, who the reporter found this morning at the time number board in the works, said that the Fort Wayne Electric company was now employing the largest shop force in its history. Pointing to the board, he said: "You see there are 396 numbers on that board and each number has a time check on it. That means that there are 396 men in our employ who work under numbers. There are several others who are not represented by number here because there is no room for their checks on the board. I am arranging to have another board built." There are a number of men, such as draughtsmen, electrical engineers, construction men and others, in the employ of the company who do not work under the number system and, of course, have no representation on the time board. Every day adds to the force in the factory. This morning the following were given employment there: Miss Bertha Hobrock, Thomas Hiendman, John Kern, David Shepler and Barton Renfrew.

William Baches, boilermaker, has returned from a visit at Grand Rapids and later a few days' outing at Rome City and this morning reported for work at the Pittsburg shops.

Operator J. W. Barrett, who came here to relieve Miss Mabel Tyler several weeks ago, has been transferred to Danville Junction and his place here has been taken by L. R. Gladdin, of Logansport.

Mr. and Mrs. George Rupley are in Chicago, making arrangements to bring his sister home. The lady has been sick and in a hospital for a year. Mr. Rupley is a machinist in the Wabash shops.

The Northern Pacific has in its betterment and enlargement fund an unexpended balance of $8,932,676, which is adequate for betterments for a long time to come. Of this balance $1,595,676 is cash.

Expecting dismissal when the consolidation of the Baltimore and Ohio and the Baltimore and Ohio Southwestern takes place, the clerks at Cincinnati are looking about for other positions and many have resigned, having already secured employment elsewhere.

Conductor M. E. Baum, of the Nickel Plate, who had taken a lay off in order that he might attend the meeting of the Order of Railway Conductors Sunday evening, has reported for duty on the road. A. J. Corbitt, one of the grand officers of the O. R. C., was here and attended the meeting.

Dr. E. F. Wagner has returned from York, Pa., where he went several days ago to see his father, who is very sick. The patient suffers with dropsy and is believed to be beyond hope of recovery. At no time during Dr. Wagner's stay at the homestead did his father show sign of recognition.

## HOW TO FIGHT SMALL POX

STATE HEALTH BOARD'S ADDRESS TO THE PEOPLE.

Says the Disease Will Certainly Appear This Winter if Strict Precautions are Not Observed.

Indianapolis, Oct. 2.—The state board of health has completed an address to the people, warning them against the expected appearance of smallpox in the state this winter. The address will be issued as soon as it can be printed. It will be the largest circular the board has yet issued on the subject of smallpox and will contain numerous illustrations of smallpox patients, instructions as to vaccination, disinfection and diagnosis of the disease. The rules of the state board of health relating to smallpox will also appear in the circular.

The board has discussed the subject thoroughly and has decided first, to issue instructions generally to health officers, physicians and to the people at large, warning them of the disease, and then to attack the disease as soon as it apepars. It is announced that more rigid regulations with regard to the treatment of smallpox will be observed this year than ever before, and that health officers who disregard instructions of the board will be summarily dealt with. The board is determined it is announced, to have "no fooling" this year when smallpox breaks out.

At the outset the board states that there were two thousand cases of smallpox in Indiana last year. That the disease was very mild, however, as shown by the statement immediately following the figures to the effect that out of the two thousand cases there were only about twenty deaths. But the board of health does not believe smallpox will continue in such mild form long. It has been the experience that where for the first few years, the disease has appeared mildly, it has gradually grown more virulent, until patients die by the hundreds.

These circulars urge those in whose houses smallpox existed last year to clean up thoroughly, and disinfect and burn everything that might breed smallpox germs. It urges, above all, vaccination and the revaccination of those persons who have not been vaccinated within the last seven years. With vaccination, it says, there is no need of fear from smallpox, and it cites the fact that the state health officer, who has not had smallpox, goes among the most virulent cases without either catching or carrying contagion. He vaccinates himself nearly once a month, and thoroughly disinfects his clothing.

The board says by taking precautions against the disease early great disaster to the state may be averted.

A cargo of fresh meat from the River Platte, preserved on the passage by a new process, has been landed at Liverpool. It is believed that the experiment has been entirely successful.

# MINERS ON PARADE

## Thousands of Strikers Have a Gigantic Demonstration in Wilkesbarre.

## WAGE BAIT TEMPTS NO ONE

Wilkesbarre, Pa., Oct. 2.—President Mitchell and other officers of the national executive board of the United Mine Workers, arrived in this city shortly after 1 o'clock this afternoon. They were welcomed by an enormous crowd at the Lehigh Valley railroad station and there was the greatest enthusiasm.

The city was gaily decorated for the parade, in which thousands of striking mine workers marched.

President Mitchell, Mayor Nichols and city councilmen occupied carriages at the head of the procession. There were many bands of music in line.

All the local assemblies of the United Mine Workers turned out in large force.

Some of the local unions marched many miles to get here. The local from McAdoo traveled twenty-six miles over the mountain, leaving home early this morning.

The men from Nanticoke, twelve miles away, also walked to this city.

Many mottoes were carried in the parade, such as: "Give us a fair day's wages for a fair day's work." "Powder must be reduced." "We are loyal to our union."

After the parade a big mass meeting was held at West Side park, which was addressed by President Mitchell and others.

### WANT MORE THAN WAGES.

Hazelton, Pa., Oct. 2.—Reports received here this morning indicate that the 10 per cent increase in wages offered by some of the coal companies to the mine workers in this region had no apparent effect in bringing the striking miners back to work.

The officials of the Lehigh Valley Coal company, which posted notices last night, report the same number of men at work today as worked yesterday and similar information was secured from the various individual collieries where the advance has not yet been offered.

The mine workers as a rule do not appear to grasp the meaning of the notice as posted by the Lehigh Valley Coal company, and declare they will not make a move toward resumption of work until ordered to do so by the Mine Workers' convention.

Half a dozen houses in different parts of this city occupied by nonstriking mine workmen were stoned during the night by unknown persons.

All of the attacks occurred near midnight. Nobody was hurt, but several persons had narrow escapes from being hit by flying boulders and glass.

President Mitchell, accompanied by members of the national executive board of the United Mine Workers and other officials of the union, left here shortly after 11 o'clock for Wilkesbarre, where a big labor demonstration is to take place this afternoon.

Mr. Mitchell's speech at the mass meeting in that city is looked for ward to with considerable interest, as it is believed he will reveal to a greater or less extent the line of action that the union will take in regard to the 10 per cent increase.

### WHISTLES BLEW IN VAIN.

Shamokin, Pa., Oct. 2.—The mine operators of Mid Valley and Natalie expected a sufficient number of men and boys to go to work this morning to enable them to ship at least half the ordinary daily tonnage to market, as the large number of striking employes had been visited yesterday.

The whistles were blown at the usual time today, but there were less than 400 at both the mines to go to work.

Over 2,200 employes were on the pay roll before the strike.

None of the collieries in this place were started up this morning. The North Franklin, at Treverton, is still in operation with all but twenty men in the mines. The Reading company is keeping a close watch that strangers do not trespass on its possessions at Treverton. The deputies have been instructed to prevent strikers from canvassing the men going to and returning from work.

### LOOKS FOR NO TROUBLE.

Shenandoah, Pa., Oct. 2.—Superintendent Zehner, of the Lehigh Coal and Navigation company's collieries at Lansford, today informed The Associated Press correspondent that no trouble was anticipated in the Panther Creek valley. "We have ten collieries there, employing 5,000 men," said Mr. Zehner, "and they are all working with full forces. No attempt was made this morning to interfere with our workmen and we do not think the strike will affect our collieries."

The superintendent said he understood that few mine workers who joined the union at the Lansford meeting last night were already members, having enrolled themselves the previous night at Coaldale.

Asked if he thought there would be any necessity for troops, Superintendent Zehner said:

"We have not asked for troops and do not intend to ask for them."

Organizer George Harris addressed two meetings of English-speaking mine workers last night, one in this borough and another at William Penn, a mining "patch" about two miles west of here. Mr. Harris asserts that the Shenandoah union of English-speaking employes now numbers over 600 members, and that the William Penn union has 160 members.

General Gobin said today that he expected to send the majority of his troops home this week. He may decide to keep a small detachment here to protect the pump runners and men who are kept at work so that the collieries may be in readiness for complete operation when the strike is over.

General Gobin says he learns that some of these men have been threatened by strikers and it may be necessary to hold a few of the soldiers here to insure order.

### BIG COLLIERY SHUTS DOWN.

Pottsville, Pa., Oct. 2.—The West Brookside colliery, near Tower City, the largest producer that the Philadelphia and Reading Coal and Iron company has and perhaps its most profitable mine, shut down today and upwards of 1,500 men and boys are thus rendered idle.

Too many workmen stayed away this morning to permit its operation.

The Lincoln and Good Springs collieries, near here, started as usual today, but their continuance appears to be only a question of a day or so, as the men are rapidly joining the strikers.

Davis & Co., who operate the Ellsworth colliery at Broad Mountain, claim their men are not out on a strike. The colliery was shut down Saturday to make necessary repairs. Operations, it is said, will be resumed next week after the repairs are completed.

All the collieries in this region except these named are shut down owing to the strike.

### COAL SHIPMENTS STOP.

Reading, Pa., Oct. 2.—With the gradual closing of the collieries in the western end of Schuylkill county, coal shipments on the Reading railway are expected to cease, unless the company draws on its storage yard at Schuylkill Haven, where it is said a small quantity of coal is on hand. Today hardly 100 cars had been produced. It is now expected that all mines will be tied up in a few days and that the hard coal trade will then stop altogether.

### MORE COLLIERIES CLOSED.

Philadelphia, Pa., Oct. 2.—Reports received today by President Harris, of the Philadelphia and Reading Coal and Iron company, from General Superintendent Luther, of the company's mining properties, are to the effect that two more mines, the Richardson and the Otto collieries, in the lower Schuylkill region, were compelled to close today because a sufficient number of workmen to operate them did not report for duty. The Brookside colliery is also shut down, which leaves only four of the company's thirty-nine collieries still in operation, the Lincoln, Good Spring and Glen Dower, on the lower Schuylkill, and the North Franklin, in the upper Lehigh or northern region.

The four collieries working are admitted to be more or less crippled.

### COLLIERIES ARE IDLE.

Wilkesbarre, Pa., Oct. 2.—The miners of the Wyoming valley did not respond to the notices posted by the companies last night offering a 10 per cent. increase in wages. The collieries are all idle this morning, the same as usual, the only exception being the mine of the West End Coal company at Mocnnaqua. They had their full force of employes at work.

The only thing talked about this morning was the big parade and mass meeting to be held this afternoon. Organizer Fred Dilcher and "Mother" Jones arrived in town this morning to take part in the demonstration.

The weather is as mild as a day in June and a big turn-out of laboring people was looked for.

Mr. Palmer, the chairman of the press committee of the United Mine Workers' council here, said today that the offer made by the operators would not be accepted.

"We are not after dollars and cents so much as we are after principle," he added. "We want recognition and until we get it I am afraid there will be no settlement."

The operators who were seen today said they did not know what action the men proposed to take on the offer of an increase of wages. They said they supposed everybody was busy today with the parade and that no move would be made until tomorrow.

## INDIANA MUNICIPAL LEAGUE

### SEVENTH MEETING NEXT WEEK AT RICHMOND.

### Handsome Souvenir Publication Received by City Officials—Several Will Attend.

Mayor Scherer was reminded this morning that the seventh meeting of the Municipal League of Indiana will be held next week when he received twelve handsome souvenir publications through the mails. The souvenir is a handsomely printed pamphlet containing the portraits of Richmond's officials and picture of the principal buildings in the city as well as many pretty scenes in the parks.

The league will meet on Wednesday morning, October 10, and remain in session over the 11th and 12th. Mayor Scherer is on the program for a paper on "Garbage" and City Attorney Shambaugh will read a paper on "Municipal Ownership." Besides the mayor and city attorney the following city officials will attend the league meeting: City Engineer F. M. Randall, Superintendent of Police Gorsline, City Clerk Monning and Councilmen Hench and Hosey. The Richmond city council has appropriated $200 with which to entertain the visiting delegates and altogether the biggest attendance of any league meeting is expected.

### INSANE MAN KILLS WIFE.

Pittsburg, Oct. 2.—While temporarily insane today, Ferdinand Brobst, a glass worker, killed his wife with a shot gun and then blew off his own head, at his home in Carnegie, Pa. A small child which was lying in bed beside Mrs. Brobst when the murder occurred was uninjured. Brobst's mind was affected for a time last winter, but he was discharged from the insane asylum as cured. Recently he showed signs of returning insanity, but he was not regarded as dangerous.

### INSANE MAN SHOOTS PRIEST.

Boston, Oct. 2.—John Gleason, who is supposed to be demented, shot and seriously wounded Rev. Lawrence P. McCarthy, rector of the Roman Catholic church of the Most Holy Redeemer of East Boston, at the parochial residence today. A bullet lodged in the clergyman's back, but the attending surgeons think that the ball can be extracted and that the priest will recover. Gleason was arrested.

Mr. and Mrs. William Scott, of High street, have gone to Buffalo for a week's visit with friends. Mr. Scott is an employe of the Nickel Plate.

# BIG DAY'S LABOR

### MR. BRYAN SCHEDULED FOR FIFTEEN SPEECHES.

### ROOSEVELT YET IN NEBRASKA

### HE VISITS MANY TOWNS IN MINNESOTA.

### TOURING THE GOPHER STATE

### THE ROUGH RIDER SPEAKING IN BRYAN'S STATE.

Lesuer, Minn., Oct. 2.—Souvenir seekers despoiled the Bryan special train of many of its decorations while it stood in the yards at Minneapolis last night.

Mr. Bryan started out today with a schedule of fifteen speeches before him and when he reached Lesuer had already delivered five of them, namely: At Shakopee, Jordan, Belle Plain, St. Peters and Henderson. At each of those places he spoke ten minutes. To St. Peters he gave half an hour.

The speeches were all condensed reviews of the general situation, but especial attention was given to trusts and "imperialism."

At Shakopee Mr. Bryan said:

"Why is it that the republican party allows the trusts to grow? Because the republican party is interested in those who possess the organized wealth of the country more than in those who are contributing to the large dividends collected by the trusts.

"Why does the republican party want a large army? They want it at home to suppress by force the discontent, which should be cured by legislation, and they want it abroad in order to exploit the Philippine islands, and if you will look up the record you will find that the republican member of congress who stands at the head of the army committee of the house of representatives is the president of the Philippine Lumber and Development company, and they have aleady gobbled up a lot of the lumber lands and taken control of the improvement in the Philippine islands. In their prospectus they say the labor question is easily solved. There is plenty of Chinese labor. By reading their prospectus you can see why it is that some people want a large army and imperialism, and while it is a good thing for those doing the developing it is a bad thing for the people who furnish sons for the army and the people who pay the taxes."

### ROOSEVELT'S TOUR.

North Platte, Neb., Oct. 2.—Governor Roosevelt arrived at North Platte at 6:30 a. m. A meeting was held at the opera house at 8 o'clock, the open air meeting having been abandoned on account of damp weather.

Governor Roosevelt spoke briefly on the issues of the day, saying that he did not know what the paramount issues of the opposition party were. He said he did not think the democratic party was happy in selecting as an issue of the campaign the dishonor of the American flag. Whatever the issue might be, he said, he was ready to meet them on it.

### A QUESTION FOR BRYAN.

Lexington, Neb., Oct. 2.—Governor Roosevelt spoke to a large crowd in the public square here. He answered a question put to him by Mr. Bryan in a recent speech concerning the ice trust of New York, and took occasion to ask Mr. Bryan a question.

Mr. Roosevelt said the ice trust had been proceeded against under a law passed by the republican legislature of New York and signed by himself, but that the men in the trust, Judge August Van Wyck, Mayor Van Wyck and other democrats of New York, had employed the lawyers to delay the proceedings by technical resorts. The republican attorney general, he said, was pressing the suit. Continuing, Governor Roosevelt said:

"Now as I have answered that question I wish Mr. Bryan would enlighten us on the point as to whether if he comes into office he will pay the obligations of the nation in gold or silver. I will gladly answer any question he puts and I would like to have him answer this question in return.

"Moreover, I would like to have him answer whether, if the consent of the governed that he is so insistent upon, must be had in the Philippines why it should not be insisted upon in North Carolina as well."

### BRYAN'S EASTERN ITINERARY.

Chicago, Oct. 2.—Senator Jones, chairman of the democratic national committee, today announced the following itinerary for the eastern campaign of William J. Bryan:

Madison Square Garden, New York city, Oct. 16; at other points in the state of New York, Oct. 17 and 20 inclusive; West Virginia, Oct. 22; Maryland, Oct. 23; Delaware, Oct. 24; New Jersey, Oct. 25 and 26; New York city, Oct. 27.

On the latter date Mr. Bryan will address a meeting of Bryan clubs of the Atlantic coast states.

It has not been decided whether Mr. Bryan will make any speeches in Illinois after closing the eastern tour.

### JONES TO GO WITH BRYAN.

New York, Oct. 2.—The republican national committee has arranged for speeches in South Dakota Oct. 15-20 by Senators Frye, of Maine, and Hanna, of Ohio.

The democratic managers have arranged to have Mayor Jones, of Toledo, accompany Mr. Bryan on his tour of New York state, following Mr. Bryan's appearance at Madison Square Garden.

### NATIONAL BANKERS MEET.

Richmond, Va., Oct. 2.—The American Bankers' association met in annual session here this morning. After addresses of welcome by the governor, on the part of the state; Mayor Taylor, on the part of the city, and Virginius Newton, read in his absence, on the part of the bankers, and a response by President Walter Hill, of the association, Mr. Hill read his annual report. There are about 700 members present.

## HE VISITED THE NEW BISHOP

### VICAR GENERAL RETURNS FROM INDIANAPOLIS.

### Very Rev. Father Guendling Believes the Consecration Will Occur at Indianapolis.

Very Rev. J. H. Guendling, vicar general of the diocese of Fort Wayne, returned to the city Monday evening after a visit to the newly appointed bishop, Rt. Rev. Herman Alerding, at Indianapolis.

The vicar general states that it is yet too early for definite arrangements to have been made for the ceremonies connected with the installation of Bishop Alerding, but that the bishop had expressed a preference for his consecration to occur at Indianapolis, among the people with whom he has labored for so many years. While no decision has been reached in this matter, Rev. Father Guendling is inclined to the opinion that Bishop Alerding will be consecrated at the capital city.

"The appointment came as a complete surprise to Bishop Alerding," said Rev. Father Guendling today, "and he is extremely busy preparing to surrender his pastorate at Indianapolis to his successor. He stated, however, that he expected to go to Cincinnati early this week to confer with Archbishop Elder concerning his consecration and other details of his elevation to the episcopacy. November 30 will probably be the date of this ceremony, and it is hardly likely that the bishop will come to Fort Wayne until a few days after that time."

Bishop Alerding is of medium height, rather slight in figure, of fair complexion, with hair slightly tinged with gray, and he bears his fifty-five years of age extremely well. Should his consecration occur at some other point, only the canonical installation will remain to be consummated in this city. It is probable Bishop Alerding will be given a magnificent reception upon his arrival in Fort Wayne. The clergy of the diocese will be present in large numbers, together with distinguished prelates from other diocesan sees, and the local Catholic societies and citizens generally will unite in welcoming the new bishop to Fort Wayne.

Rev. Father Guendling says the clergy and people of Indianapolis express sincere regret at parting with Bishop Alerding, but his appointment is so distinguished an honor that their gratification at his advancement outweighs even the warm personal regard they feel for the gifted churchman.

Architect Henry Meyer is preparing plans for the remodelling of the residence of John Currier, on Washington boulevard.

# BEAR QUITS PEKIN

## Conger Announces Withdrawal of Russian Legation from Chinese Capital.

## TUAN'S PUNISHMENT IS SEVERE

Washington, Oct. 2.—The state department is in receipt of a dispatch from Minister Conger formally announcing the withdrawal and departure of the Russian legation from Pekin.

### DEGRADATION OF TUAN.

Washington, Oct. 2.—The Chinese minister has delivered to the state department official confirmation of the degradation of Prince Tuan and many other Chinese leaders. The following official statement is made as to Minister Wu's dispatch:

"A cablegram received from Director General Sheng, at Shanghai, states that by imperial edict, issued on September 25, Prince Chwang, Prince Yeh, Secondary Princes Tsai Lien and Tsai Ying, are deprived of all their respective ranks and offices; that Prince Tuan is deprived of office and is handed over to the imperial clan court, which shall consult and decide upon a severe penalty, and his salary is to be stopped; that Duke Tsai Lan and the president of the censorate, Ying Nien, are handed over to the said board, who shall consult and decide upon a severe penalty; and that Kang Yi, assistant grand secretary and president of the civil board, and Chao Shu Chino, president of the board of punishment, are handed over to the board of censors, who shall consult and decide upon a penalty."

Minister Wu's information appears to put at rest all question as to the fall of the reactionary element headed by Prince Tuan, and including the president of the censorate and of the board of punishments. It shows, moreover, that the punishment of Tuan is more severe than heretofore reported, as he is removed from office, a fact not stated in the previous dispatches. The clan court is directed also to decide upon a "severe penalty," in addition to the loss of office, salary and servants.

The state department received a dispatch from Minister Conger today, announcing the departure of the Russian legation from Pekin. Beyond this there was little additional bearing upon the Chinese situation.

It was stated officially that the reported French note to the powers regarding the opening of negotiations and the permanent disarmament of the Chinese had not been received. If it proves true that such a note has been sent, it is said that the proposition for disarmament can hardly be considered with favor by this government, owing to the commercial standing and recognized sovereign authority of China as a nation.

Thus far there has been no protest on the part of this government against the appointment of Yung Lu as one of the Chinese peace commissioners.

The state department is inclined now to think that he is not as culpable as the first reports indicated, but the authority of Minister Conger and Mr. Rockhill is such that if they learn he is an undesirable negotiator they will be enabled to protest, although they have not acted so far upon that point.

It is thought probable that the matter will come to an issue when the sufficiency of credentials is examined.

Minister Wu, accompanied by his secretary, Mr. Chung, went to Baltimore at 11 o'clock to visit the Maryland steel works at Sparrow's Point and witness the launch of the dredging steamship Thomas.

### ENGLAND'S REPLY.

New York, Oct. 2.—The Berlin correspondent of the London Standard learns that England's reply to the German circular in reference to China is shaped in a very friendly and affirmative tone, the Tribune's London correspondent cables.

### TO NEGOTIATE AT TIEN-TSIN.

[Copyrighted, 1900, The Associated Press.]

Tien-Tsin, Sept. 29, via Taku, Sept. 29, via Shanghai, Oct. 2.—Li Hung Chang has abandoned his decision to proceed to Pekin and will, it is announced, begin negotiations with the Russian minister to China, M. De Giers, upon the latter's arrival at Tien-Tsin.

General Chaffee has designated the Ninth infantry, the Third squadron of the Sixth cavalry and battery E to remain at Pekin.

He estimates that it will take a month to get the American troops out of China.

### THE FRENCH NOTE CONFIRMED.

Paris, Oct. 2.—An official of the French foreign office today formally confirmed the accuracy of the details of France's note to the powers on the Chinese question, as telegraphed from Vienna last night.

A representative of the Associated Press questioned the official referred to as to the causes actuating the French minister of foreign affairs in issuing the note. The official said:

"M. Delcasse has been contemplating this action for a number of days. France wants peace and desires it expeditiously. The minister is therefore anxious to find a middle course between Russia and Germany which will meet with the approval of all. There is no foundation for the statement that effort is making to secure continental accord to the detriment of England or the United States. We are unable to understand exactly the course the United States intends to pursue, whether she will act entirely separate under all conditions or whether she will negotiate in concert with the other powers in case they reach an agreement satisfactory to her.

"Germany's note, as understood here, presents two propositions, one the punishment of the guilty, the other the peace proceedings.

"While some people interpret it as meaning that the first is an absolute condition preliminary to the second, we see no reason why the powers should not proceed with the treaty preliminaries with those appointed emissaries of the Chinese government at Pekin, while the armies seek out and punish Prince Tuan and his guilty associates.

"There is no incompatability which will not permit the two actions from occurring simultaneously. Our hope is for an agreement to begin negotiations and the note expresses M. Delcasse's ideas of how best that end can be secured. We feel there is nothing in it doing injustice to the interests of the United States and trust we will receive her acquiescence."

The French consul at Canton, under date of Monday, Oct. 1, cabled that the gunboat Avalanche, with the French vice consul on board, had just returned to Canton after co-operating with the Chinese forces in repressing the troubles in the disturbed districts of the West river. A certain number of the guilty underwent capital punishment. The material losses were very heavy, but there was no loss of life.

### EXPEDITION POSTPONED.

Taku, Sept. 29.—The expedition to Pao-Ting-Fu has been postponed.

The start will not be made until Oct. 6. General Gaselee and the German general will command the Pekin and Tien Tsin columns respectively. The Russians have occupied Long-Shan without opposition. The New South Wales contingent of the British troops will winter in Pekin.

### SUGAR BOUNTY LAW INVALID.

Lansing, Mich., Oct. 2.—The state supreme court in a unanimous opinion handed down today declared the act granting a bounty of one cent per per pound on all beet sugar manufactured in the state unconstitutional. The act was passed by the legislature of 1897. The decision is the result of a mandamus asked for by the Michigan Sugar company, of Bay City, to compell the auditor general to pay bounty earned in 1898.

When Well-Known Fort Wayne People Tell It So Plainly.

When public endorsement is made by a representative citizen of Fort Wayne the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will profit in the reading.

Ex-Policeman J. Patton, of 130 Ewing street, says: "I had kidney complaint for four or five years. The kidney secretions were discolored and I had much annoyance from their too frequent action. If I stooped and straightened, everything whirled about me, and I was almost blind. Whenever I tried to work a little in my garden or stood in a stooping position my back ached terribly, and I had to place my hand where the pain was worst, my back feeling perfectly numb. I became so bad that I could not do much of anything and though I tried a number of kidney remedies none of them helped me. I heard about Doan's Kidney Pills, procured them at Meyer Bro. & Co.'s drug store and they relieved me right from the start. I took two boxes. The difficulty with the kidney secretion disappeared as well as the dizziness and I could work in my garden, all day and never feel my back ache any more than a man who has never had kidney trouble."

# A BIG BARBECUE

IN MILLER'S GROVE, NEAR NEW HAVEN, OCT. 11.

CAPT. PATRICK O'FERRALL

WILL DELIVER THE PRINCIPAL ADDRESS.

A SIXTH WARD BRYAN CLUB

MEETINGS TO BE HELD BY BOTH PARTIES.

The democrats of New Haven and Adams township are going to have a big barbecue in Miller's grove, southwest of the town, on Thursday afternoon, Oct. 11. A committee has been arranging for the barbecue for several days past and an effort was made to have Hon. John W. Kern deliver the principal address. A letter from the state committee assigns Capt. Patrick O'Ferrall, of Washington, for the barbecue, and an effort is being made also to have Hon. R. K. Erwin, of Decatur; John Adams, of Columbia City, and other democratic orators present. Mr. Kern has signified his intention of coming if it is possible to so arrange his assignments. Captain O'Ferrall, who will deliver the principal address, is an old soldier and army officer, who four years ago stumped the country for Mr. McKinley. He is one of the great orators of the campaign and persons who attend the barbecue are certain to hear a great speech.

Captain O'Ferrall will speak to Fort Wayne democrats at Saengerbund hall on the evening of the New Haven barbecue.

SIXTH WARD CLUB.

The democrats of the Sixth ward met Monday evening in Saengerbund hall and organized a club with the following officers: President, W. S. Wells; secretary, J. Frank Rohan; treasurer, John Dalman. Mr. Wells was given a hearty reception when he accepted the election. Four years ago he was an officer of the McKinley Railroad club. Williard C. Smith was elected a delegate to the democratic association of clubs which meets at Indianapolis tomorrow. The club was organized more than a mile from the homes of the members and it was decided to lease headquarters in the Sixth ward and a committee was appointed to secure a room. Messrs. Fred C. Reese, Julius Remus and M. C. Foellinger were appointed on the committee. The next meeting will be held at the call of the president.

THE ROOSEVELT MEETING.

The republican committee is booming the coming of Theodore Roosevelt next week Wednesday, Oct. 10. Colonel Roosevelt is to make a flying trip through Indiana and one of the principal speeches will be in Fort Wayne. Besides Mr. Roosevelt the speakers will be Addison C. Harris, minister to Austria; W. T. Durbin, candidate for governor of Indiana, and C. W. Miller, of Goshen. An effort is also being made to bring Hon. James Watson, congressman of the Sixth district, here on that day.

EUGENE DEBS TONIGHT

Eugene V. Debs, candidate of the social democrats for president, will deliver a political speech at Princess rink this evening. Mr. Debs arrived on the noon Grand Rapids and Indiana train and is a guest of the Wayne hotel, where he this afternoon greeted a number of acquaintances.

POLITICAL GOSSIP.

Next Saturday night Hon. James M. Barrett and J. C. Martin will deliver an address at a pole raising in Arcola. The Jefferson drum corps will attend. Democrats of Arcola will provide transportation for 100 members of the club, which will start from the club rooms at 6:30 p. m.

The Fourth ward democratic club held a meeting in Saengerbund hall last night and discussed routine business. President E. B. Smith presided.

A meeting of the First Ward Democratic club was held last evening in Weick's livery barn. President W. H. Tigar presided and short addresses were made by Councilmen Hench and Ehrman. There were many new signers to the roster, one of them being an old life-long republican. It was decied to meet hereafter in the city hall each Monday evening.

The democrats of the Seventh ward will meet Wednesday at Puff's hall on Hanna street and perfect the organization of a ward club. Addresses will be made by the Hon. G. W. Loutlit and W. H. Reed.

The Tenth Ward Bryan club will meet in the club headquartes tomorrow evening and listen to an address by Charles Schanz. The club is organizing a drum corp with a membership of ten.

The Sixth Ward Republican club held a meeting in the club rooms, corner of Broadway and Creighton avenue, last night and listened to speeches by John W. Hayden, Judge W. J. Vesey and others. A Rough Rider club with Will Green as captain, was organized.

For several days past agents have been distributing McKinley and Roosevelt pictures at the homes of workingmen where they would be received. The agent, of course, visited many democratic homes where the pictures would not be received and there were many funny incidents connected with the effort to get the pictures hung in the windows. The democratic central committee has distributed 4,000 Bryan pictures and has just received 2,000 more, which are being given away at headquarters. Last Saturday more than 500 were given away at Saengerbund hall. Four years ago only 3,000 Bryan pictures were distributed.

Robert E. Dreibillbiss addressed a republican meeting at Arcola Monday evening. He reports a large audience out to hear his address.

Col. R. S. Robertson will address the republicans of the Fourth and Fifth Wards this evening at the Nestel building on Broadway.

THERE MAY BE TROUBLE.

New York, Oct. 2.—The conferences between officers of the American Tin Plate company and men representing their employes have resulted in an agreement on the scale of wages, but some minor demands of the men remain to be settled. The consideration of these was deferred, pending the arrival in this city of some of the district managers of the tin plate company. These men are expected today, when the conference will be continued. It is believed a final agreement will be reached.

"We have settled the wage question," said George Powell, president of the International Tin Plate Workers Protective Association of America, "the company granting us a slight concession. The question that is under discussion involves a principle and unless it is recognized there will be trouble."

Powell declined to say what the question in dispute was, but said it had nothing to do with the recognition of the union.

# HE IS NOT GUILTY

SUCH WAS THE VERDICT OF COURT AND JURY.

HENRY PHILLIPS GOES ACQUIT

THE DEFENDANT'S ATTORNEY SPRINGS A SURPRISE.

CONTRACTOR STEWART HERE

COMMISSIONERS TO ACCEPT NEW COURT HOUSE.

Henry Phillips cannot be convicted of participation in the girdling and destroying of trees in the orchards of Mrs. Orvis and August Racine, of Washington township. He has been on trial since last Friday and this morning final arguments were being heard. Hon. W. G. Colerick, one of defendant's attorneys, raised the point that inasmuch as the only evidence on which Phillips could possibly be convicted was that given by himself in the preliminary trial of Howard Byall and by the stories he told the officers, he could not under the law be convicted. Judge Colerick cited the statutes, and as they were quite clear that a suspected criminal could not be convicted on evidence given by himself against another person, Judge O'Rourke ordered the jury to at once find for the defendant. Without leaving their chairs the jurymen held a conference and returned a verdict of "Not guilty."

Phillips was not released by Sheriff Melching. He will be held as a witness until he furnishes bond to appear in court and testify in the cases yet pending against his brother-in-law, Howard Byall.

There are two indictments yet standing against Byall, he having been tried on the one charging him with destroying four trees. His punishment was fixed at ninety days in jail and $20 fine and it will be a long time before he gets out of jail, and if Phillips fails to furnish bail his punishment will be almost as severe as if he had been convicted.

MR. STEWART HERE.

A. M. Stewart, of St. Louis, the contractor who built Allen county's magnificent court house, arrived in the city this morning to make final settlement for the building, which is now completed as far as the general contract is concerned. Mr. Stewart met the commissioners, Architect Tolan and Inspector Jensen this morning and the inspector informed the commissioners that the building was ready to be accepted as soon as arrangements were made for the placing of some hardware and fitting of glass in windows. The stains that are visible in the marble at places will, it is believed, finally fade away. Together with the commissioners, architect and inspector Mr. Stewart will spend a couple of days going through and inspecting the building and it will then be accepted by the board. Mr. Stewart informed the commissioners that he had no charges to make for extras.

WILL MOVE THIS WEEK.

The Saengerbund building will have been abandoned by the county officers and courts before the week ends. Truckmen have already begun to move the steel cases from the clerk's office and by Thursday evening the county officers will be in the new building and Judges O'Rourke and Vesey will be holding court in the handsome new court rooms.

COURT NOTES.

The evidence is all in in the case of Robbins vs. Sperry and Judge Vesey is ready to hear arguments.

Geo. J. Dorsey, guardian of Arthur Conine, has filed his report in the circuit court.

Frank Guiff has filed his final report as guardian of Edna Pachin.

Lima, Peru, Oct. 2.—Via Laredo Junction—The cabinet has resigned owing to a unanimous vote of censure by congress being inevitable as a result of the scandal in connection with the purchase of arms in Belgium and the alleged use by Senor Bealunde, a former minister of finance, of government funds for his private transactions.

The ministers of Peru who have just resigned were appointed August 31 last by President Romana, Senor Enrique Coronel Seegarra being president of the cabinet and minister of home affairs.

## MORE BOXES OF GOLD,

And Many Greenbacks.

To secure additional information directly from the people, it is proposed to send little boxes of gold and greenbacks to persons who write the most interesting, detailed, and truthful descriptions of their experience on the following topics:

1. How have you been affected by coffee drinking, and by changing from coffee to Postum?

2. Do you know any one who has been driven away from Postum because it came to the table weak and characterless at the first trial?

3. Did you set such a person right regarding the easy way to make Postum clear, black, and with a crisp, rich taste?

4. Have you ever found a better way to make it than to use four heaping teaspoonsful to the pint of water, let stand on stove until real boiling begins, then note the clock and allow it to continue easy boiling full 15 minutes from that time stirring down occasionally? (A piece of butter about the size of a navy bean, placed in the pot will prevent boiling over.)

5. Give names and account of those you know to have been cured or helped in health by the dismissal of coffee and the daily use of Postum Food Coffee in its place.

6. Write names and addresses of 20 friends whom you believe would be benefited by leaving off coffee. (Your name will not be divulged to them.)

Address your letter to the Postum Cereal Co., Ltd., Battle Creek, Mich., writing your own name and address clearly.

Be honest and truthful, don't write poetry or fanciful letters, just plain, truthful statements.

Decision will be made between October 30th and November 10th, 1900, by three judges, not members of the Postum Cereal Co., and a neat little box containing a $10 gold piece sent to each of the five best writers, a box containing a $5 gold piece to each of the 20 next best writers, a $2 greenback to each of the 100 next best, and a $1 greenback to each of the 200 next best writers, making cash prizes distributed to 325 persons.

Almost every one interested in pure food and drink is willing to have their name and letter appear in the papers, for such help as it may offer to the human race. However, a request to omit name will be respected.

Every friend of Postum is urged to write and each letter will be held in high esteem by the company, as an evidence of such friendship, while the little boxes of gold and envelopes of money will reach many modest writers whose plain and sensible letters contain the facts desired, although the sender may have but small faith in winning at the time of writing.

Talk this subject over with your friends and see how many among you can win prizes. It is a good, honest competition and in the best kind of a cause. Cut this statement out for it will not appear again.

## DEMOCRATS SHOW GAINS.

New Haven, Conn., Oct. 2.—Very nearly complete returns from the little town elections of yesterday show a net republican loss of seven towns. Of the 162 towns voting all but two have been heard from. They stand, republican, 118; democratic, 42. The two missing towns, Canterbury and Killingworth, in 1899 were republican and democratic respectively. Counting these two towns as they stood last year, complete returns would stand: Republican, 119 towns; democratic, 43; as against 125 republican and thirty-seven democratic in 1899. The elections resulted in a gain for no license, the towns now standing: License, 72; no license, 90; as against license, 73; no license, 83; in 1899.

The belief, prevalent and persistent, in Ireland that Charles Stewart Parnell is not dead and that he is now in Africa and none other than the Boer soldier who has been known to the world as Christian DeWet is one of the curiosities of modern history. The thing is all explained by those who believe it and the strong resemblance between Parnell and DeWet is pointed out.

The story that Senator Platt has been deposed as dictator of the New York machine by the machinations of Senator Hanna, who has decided to fill the position himself, is not generally credited, though there is no current belief that the Ohio man would be averse to that sort of personal expansion. It is said Hanna has done the trick by promising that there shall be no legislation by the New York legislature adverse to the corporations, but there is no reason why Platt should not have made the same sort of a promise.

It is to be hoped that there is great exaggeration in the story published in a New York paper about a "vivisection party" arranged for the pleasure of four American girls in Paris, because such parties are said to be the latest fad there and the girls wanted to see all the sights. According to this tale some of the most fearful cruelties were practiced on dogs and cats by a young physician merely to amuse the spectators, and the affair was only brought to a conclusion by the fainting of two of the Americans. But even if exaggerated, even if there is a basis of truth in the reported presence of American girls, the thing is shameful. Paris is credited with all sorts of sins in the business of purveying sensations, but Americans need have no part in such atrocities as this. Vivisection for the sake of science is quite bad enough.

### AN ANOMALOUS VOTE.

A well-informed Californian, who is intimately acquainted with the politics of the Pacific coast, scouts the claims of the republicans to the state of Washington, and for a curious reason. He declares that in the state of Washington, as in no other part of the country, the republicans owe their strength more to the Irish than to any other element of voters. He explains that these Irish moved into Washington from California, in which state in the early days they were followers of Senator Broderick, who was killed in a duel by the late Judge Terry just before the outbreak of the civil war. Broderick was a leader of the Douglass democrats and when he was killed his followers among the Irish of California turned republicans. This, it is said, accounts for the heavy Irish republican vote in San Francisco and other parts of California, as well as that of Washington.

Now it is claimed that the Irish despise England first and vote with the party that is least English. The administration's attitude toward the Boers and the general belief that there is a very sympathetic understanding if not actual alliance between the administration and the Salisbury government have had their effect upon the Irish republicans of the Pacific coast. It is stated that not an Irishman in that region, particularly in Washington, will vote the republican national ticket this year. Of course, this statement is clearly an exaggeration, but it is probable that many Irishmen who have been loyal to the republican party heretofore will cast their first democratic ballot next month.

It is claimed that Col. Dick Kerens, of Missouri, who, with Perry Heath, went west a couple of weeks ago, closely investigated the Irish vote in Washington and will report to Mr. Hanna in accordance with the statements here made.

# DAMAGES WANTED

## WIDOW OF MURDERED MAN IS SUING HIS SLAYERS.

## THE MURDERERS ARE IN JAIL

## OUTCOME OF THE TRAGEDY AT SWAYZEE.

## NICHOLSON LAW IS DOOMED

## SO SAYS PRESIDENT OF THE STATE LIQUOR DEALERS.

Marion, Ind., Oct. 2.—Mrs. Elizabeth Stilwell filed suit in the superior court yesterday against Mark and William Nesbitt for $10,000 damages. The Nesbitts shot and killed Francis Stilwell, husband of the plaintiff, in Swayzee, September 5. The Nesbitts are desperadoes and have terrorized the rural towns of the county for several years. They rode into Swayzee on the evening of the 5th of September, went to Stilwell's saloon, secured two revolvers and started to the jail to release a friend who was confined there. Stilwell followed them to the street and demanded the return of his revolvers, when the Nesbitts shot him. They mounted their horses and rode away. They were pursued by the sheriff and posse. They were captured after a long chase and placed in jail here. They are awaiting trial on the charge of murder. They both own good farms in this county and their father is wealthy.

### SAYS THE LAW IS DOOMED.

Indianapolis, Oct. 2.—J. H. Schaub, president of the Indiana Saloonkeepers' league, announced yesterday that the state in a few months more will be wide open. He declares that the Nicholson law, a measure passed five years ago, preventing the sale of liquors in Indiana on Sunday or after 11 o'clock at night is doomed; that a new bill will be presented to the legislature this winter allowing practically all the freedom desirable by the saloonkeepers.

### STABBED HIS WIFE.

Bedford, Ind., Oct. 2.—In a fit of jealous rage Jesse Peters tried to murder his wife by cutting her and stabbing her with a large butcher knife. She escaped from him before she was seriously injured and took refuge at a neighbor's. The police were sent for and when the officers appeared Peters cut his own throat from ear to ear. It is thought he will recover, as he did not sever the jugular vein. He worked in the Hoosier quarry and was a peaceful citizen. No cause is known.

### FIGHTING STREET CAR UNION.

Marion, Ind., Oct. 2.—Rezin Orr, of Detroit, Mich., international treasurer and general organizer of the Street Railway Employes' association, has arrived in the city to assist in the movement of organizing the employes of the Union Traction company. At a meeting of the men Saturday night Mr. Orr assured them that he was here to remain until the differences between the employes and employers were adjusted. The company discharged another man Saturday night George Stanley, section boss of the Marion division—because of his affiliation with the union, and this has renewed the determination of the employes to perfect the organization.

### EVANGELICAL CONFERENCE.

Logansport, Ind., Oct. 2.—The annual meeting of the Elkhart district Evangelical ministerial association met here yesterday and continues over Wednesday and Thursday. Ministers from Anderson, Huntington, Elkhart, Peru, Marion, Wabash and the other towns of the district will be here. During the session ministers will be selected for the various pulpits of the district.

### SOLD TO AN ILLINOIS EDITOR.

Wabash, Ind., Oct. 2.—J. J. Martin, owner of the North Manchester Rays of Light, a republican paper, founded ten years ago, has sold the property to W. B. Billings, owner of the Cerro Gordo (Ill.) Era, who takes possession at once. Mr. Billings will continue the paper as a republican journal.

### WEIK'S TRIAL CONTINUED.

Terre Haute, Ind., Oct. 2.—The case against Jesse Weik, of Greencastle, a well known republican politician, was set for hearing yesterday before United States Commissioner Higgins, but was continued until October 22, because, as stated, Mr. Weik was too ill to be present and because the postoffice inspector could not attend. As Mr. Weik has been seen on the streets of Greencastle several times since he jumpd from the moving railroad train, it is charged here that the government is not disposed to push the case. It was stated after the exposture that Mr. Weik would be able to escape prosecution through a "pull" with President McKinley, and some people who are watching the case are beginning to believe that the first statement was true.

Mr. Weik is charged with falsely impersonating a postal inspector in that he has been traveling for several years on an expired postal inspector's pass. When Mr. Weik discovered the identity of the inspector on the train on which he was riding he jumped when the train was moving rapidly.

### A SHAKE-UP AT WABASH.

Wabash, Ind., Oct. 2.—There are rumors of a shaking up among the force of carriers in the Wabash postoffice. It is said that serious charges have been preferred against one man, and that an investigation by the department officials is in progress. A change in at least one of the carriers is looked for.

### A RUN OF ILL LUCK.

Logansport, Ind., Oct. 2.—Six weeks ago James Roach walked out of a second-story window while sleeping, and Friday, while walking out to regain his strength, a workman on a new building dropped a brick on his head, inflicting a dangerous injury.

## CELEBRATE AN ANNIVERSARY

## ZION'S WALTHER LEAGUE IN PROSPEROUS SHAPE.

## Will Observe Its Seventh Anniversary October 12—New Officers Elected Monday.

Friday evening, October 12, the Walther League of Zion's Lutheran church will celebrate its seventh anniversary by a supper and entertainment for its members and their families. The annual meeting was held Monday evening and new officers were elected as follows:

The anniversary occasion will be a most memorable one.

## CONFERRED WITH MR. GEIL

## PASTORS AND LAYMEN MEET THE EVANGELIST.

## Preliminary Arrangements for the Meetings in This City in November—The Committees.

William Edgar Geil, the distinguished evangelist who is to conduct a series of evangelistic services at Princess rink in November, was in the city last evening and a committee of pastors and laymen met at the Berry street M. E. church at 4:30 o'clock to arrange some preliminaries for the work.

Rev. L. L. Henson called the meeting to order and Rev. W. D. Parr was elected president, with Rev. J. W. Lake as secretary pro tem. It was agreed that this organization be permanent. Dr. Geil spoke at some length relative to his work, answering many questions as to plans and methods of the meetings.

Upon motion a committee composed of Paul Mossman, Dr. Leeper and Rev. J. W. Lake was appointed to district the city for preliminary prayer service and to arrange for leaders for each district. There will be seven chairmen of as many committees, and Messrs. E. A. K. Hackett, E. P. Dailey and Mr. Burroughs were appointed as a committee to choose these chairmen. It was also decided that the executive committee arranged by the Ministerial association, composed of Rev. L. L. Henson, Rev. D. W. Moffat and Rev. W. D. Parr, be constituted a permanent executive committee.

Evangelist Geil made a most profound impression upon all who heard him, and it is confidently expected that the forthcoming series of evangelistic services in Fort Wayne will be productive of unmeasured good. The evangelist left last evening to continue his work at Kansas City.

### WILL BE WEDDED TONIGHT.

The marriage of Miss Edith Yarnelle and Mr. Hugh G. Keegan will be solemnized at 6 o'clock this evening at the residence of the bride's parents, Mr. and Mrs. E. F. Yarnelle, and Rev. Dr. D. W. Moffat, of the First Presbyterian church, will officiate. The prominence and popularity of the young couple have contributed toward making the approaching nuptials the chief event of interest in society circles for several weeks, and while the invitations to the wedding included only relatives and immediate friends, the list was an extended one, and the company of guests will be very large. During the past week the young ladies who make up the bridal party have given a number of delightful little companies for Miss Yarnelle, and these events closed last evening with a complimentary dance at the Fort Wayne club in honor of Miss Yarnelle and Mr. Keegan. Reincke's orchestra furnished the music for the occasion and Lachlin served punch and coffee and sandwiches. At the wedding this evening Miss Ethel McGrew, of Greenfield, Ill., will be the only out-of-town member of the bridal party. She will act as the bride's maid of honor. The reception hours are from 9 to 12.

# PROUD OF HER HAIR

Miss Irene Ackerman, the well-known dramatic reader, writes us the following letter from her residence, 20 W. 15th Street, New York City. This talented and versatile young lady has made an enviable name for herself on the stage by her excellent work in support of some of the leading stars, besides being noted in literary and art circles as an adept with the pen and pencil. She is justly proud of her magnificent head of hair, which is shown to advantage in the accompanying photograph.

"Some time ago, when my hair was brushed, I noticed more and more the increase of hair left on the comb. My scalp became dry and my hair grew thin so rapidly that I had to change the style of wearing it. I then tried various hair tonics, the effect of which was to make my scalp exceedingly tender, and the hair stiff and brittle when dry. I resolved to try Cuticura Soap. The comfort I experienced before I had given it a long trial was so great that I determined to continue it. Taking care to have the room warm, I would shampoo my head with a strong lather of Cuticura Soap, letting it remain for some time. I would then wash it off with warm water, and dry thoroughly. After a short time my hair ceased coming out, growing soft and silky to the touch. Cuticura Soap is marvellous, and I would not be without it for my toilet table."

SAVE YOUR HAIR with shampoos of Cuticura Soap and light dressings of Cuticura, purest of emollient skin cures. This treatment at once stops falling hair, removes crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails.

Navassa Island—which lies south of Haiti in the Caribbean sea, and can be sighted from the decks of vessels passing from New York to the isthmus—was the only outlying possession of the United States until we asquired Porto Rico and the Philippines. It is covered with phosphates, but was uninhabited until a Baltimore company discovered its riches and sent a gang of men to work the mines.

## Double-Breasted Sack Suits

### For Men's Fall and Winter Wear.

There's a stylish dressiness about the double-breasted sack coat if it is made right; but it's easy to find the poorly-made kinds; and no coat gets out of shape so quickly as a double-breasted coat that lacks good workmanship and right finishing. Easy to make them look well, harder to make them wear well. The work is mastered by the painstaking carefulness of the tailors who do the unseen work.

## We Have the Right Kind.

Our suits will hold their shape. They are made with full fronts that give the desired breadth—the tailor's art is shown in the cutting. Made of Black and Blue Cheviots and Scotch mixtures; silk-faced or plain.

# SWEETEST MUSIC

## WAS THE RATTLE OF MACHINE GUNS AT PEKIN.

## INCIDENT OF RELIEF OF PEKIN

## HOW THE FIRST NEWS CAME DURING THE SIEGE.

## AMERICAN WOMAN'S STORY

## MRS. WOODWARD, OF CHICAGO, TELLS OF THE SIEGE.

San Francisco, Oct. 2.—Rev. C. H. Fenn, a returned missionary from Pekin, tells of the first receipt during the siege of direct news by Minister Conger from Secretary of State Hay. He says:

"On July 17 we received a message from the outside world that said, 'Communicate tidings bearer.'

"There was no date and signature. Mr. Conger sent it to the tsung li yamen with the request that it be made plain. He received in reply a copy of Minister Wu's dispatch, which stated that the United States government demanded word from Minister Conger in cipher. That message made our hearts jump with joy. Conger sent his reply at once.

"The night before relief arrived we heard the rattle of the machine guns at a distance, and it was sweet music. Everybody got up it was about 1 o'clock—the women made coffee and there was no more sleeping that night.

"The next day, as the Americans came in, I went down and shook hands with each man as he came through the watergate."

### A WOMAN DESCRIBES SIEGE.

San Francisco, Cal., Oct. 2.—Mrs. M. S. Woodward and her daughter, Ione, of Chicago, were among the passengers on the steamer Copile, which has arrived from the orient. Mrs. Woodward and her daughter were guests of Minister Conger at Pekin and were in the two months' siege with the members of the legations, ate horse and mule meat and enjoyed the experience of being in the heat of almost continual fighting for sixty days. Mrs. Woodward and her daughter landed from the Copie yesterday and at the dock were met by Mr. Woodward, who had journeyed from Chicago to greet his wife and daughter. Mrs. Woodward talked freely of the terrible experiences through which she and her daughter had passed. She said:

"I shall never forget the experiences of those two months. I kept a diary of the incidents of the siege, which I shall soon publish, together with the photographs I secured. I have more than 200 pictures I took during the siege, many of which I secured only at great risk. Some are photos of 'boxers' in battle, made while the mobs were charging on the legation wall.

"It is difficult to describe one's feelings during an experience such as we went through during those awful two months at Pekin. We were all in a perilous plight and we all realized it, but we did not dare to think of danger. As you may know, we started to leave Pekin on June 5, but we were one day too late. Accompanied by a small guard that was placed at our disposal by Minister Conger, we went to the railroad depot on the morning of that day and waited from 7 o'clock in the morning until 11 o'clock at night for a train to take us to Tien Tsin.

### THE TRAIN NEVER CAME.

"But the train never came. Train connection with the outside world had been cut off the day before. So we all went back to the legation and prepared for the worst. We were surrounded by a howling mob of Chinese at the railroad depot and made our way back to Legation street with much difficulty, although none of the Chinese offered to do us bodily harm. It was not very long thereafter that the serious trouble began, however. The very next day the missionaries from the burned Catholic cathedral at Nantung came to the legation for protection and we had our hands full looking after their wants. There were hundreds of maimed, bleeding and native Christians who had barely escaped the wrath of the mob with their lives. I saw little children with spear wounds all over their bodies and many others, old and young, bleeding and burned. I became a nurse with other ladies at the legation and was assigned to duty every other night.

"After we all took refuge in the British legation elaborate plans for our defense were undertaken. We experienced no difficulty in getting to the British legation, although constantly harassed by the 'boxer' mob. The Russian legation stood between the American and British legations. The men cut through the intervening walls and then made our retreat as secure as possible by erecting barricades.

### WOMEN WORK ON BARRICADES.

"There was plenty of work for the women. We sewed the sand bags for the barricades, and the world never looked on such magnificent sand bags. Our forces made a sortie, captured the establishments of a number of rich Chinese merchants and appropriated enough silks and rich stuffs to clothe an army in regimentals rich as Solomon's. This all went for sand bags. We made sand bags out of costly silks and the richest embroidered fabrics to be found in the realm of the dowager empress.

"After this there was continual fighting day and night. The 'boxers' were not wanting in diligence and one night captured the wall held by our forces. It was the wall of Pekin that separated us from the native city. We regained it, however, through the heroism of Captain Jack Myers, of the Oregon, and twenty of the Newark's men. With his score of brave lads he made a dash for the wall and captured it without a scratch. Shortly after that Captain Myers received a spear wound and on top of that suffered an attack of typhoid fever that threatened his life."

Mrs. Woodward says that at no time was there any scarcity of food, although it was not of a very desirable quality. There were plenty of canned meats, vegetables and preserves on hand and a liberal supply of wines, so that the injured and invalids did not want for proper nourishment or delicacies. The need of fresh meat, however, necessitated the slaughtering of horses and mules. At the beginning of the siege there were 109 animals at the legations. When the recens force arrived only ten were left. Some of the horses were prized highly as saddle ponies by their owners, but they had to be killed to fill the needs of the legationers. Mrs. Woodward said:

"I don't care much for horseflesh. Some of the people took a remarkable fancy to horseflesh and mule steaks, which are a little sweeter than horse meat."

The Woodwards are staying at the Occidental hotel and will remain there until ready to start for Chicago.

### THEORIES ABOUT CATARRH.

Peculiar Ideas Regarding a Common Disease.

Mark Twain's cure for a cold in the head was simple, but he claims very effective in his own case; his plan was to eat nothing whatever for twenty-four hours or presumably until the trouble had disappeared.

Although not able to speak from personal experience as to the effectiveness of this treatment, it certainly has the merit of extreme economy, but it occurs to us that the application of it to a case of nasal catarrh might be attended with difficulties.

Catarrh, as every one knows, is a chronic cold in the head and Mr. Twain's treatment, if it should become a fad, would make of us a nation of fasters; an army emulating the example of the immortal Tanner who achieved world wide fame by fasting forty days.

Catarrh is certainly becoming a national disease and there is little doubt but that errors in diet, particularly over eating is a very common cause.

Most people, however, are more interested in the cure of the trouble than in the cause, and modern medical science has produced more effective and less heroic remedies than Mr. Twain's.

Guaiacol is a new remedy, very effective in some forms of Catarrh. Eucalyptol is another which on account of its antiseptic properties is very valuable, while many severe cases of chronic catarrh have been entirely cured by the sanguinaria or extract of Blood root alone.

Within a year an enterprising chemist has combined all of these remedies in tablet form, palatable and convenient and the superiority of this tablet over other catarrh remedies is so apparent that all druggists now carry them in stock to supply the popular demand.

They are called Stuart's Catarrh Tablets and it is doubtful if any medicine has achieved a national popularity in so short a time as this.

Stuart's Catarrh Tablets are used by thousands of traveling men because they can be carried in the pocket and used any time in any quanity being free from Cocaine, opiate or any poisonous drug.

They clear the head and throat from the disgusting secretions of catarrh, very often in a few hours' time.

For nasal Catarrh they are far superior to any wash, lotion or ointment the use of which is often inconvenient and annoying as the disease itself.

For coughs, colds, bronchical catarrh and catarrh of the stomach these tablets give immediate relief and a pemanent cure where lotions, douches and inhalers make no impression whatever.

This preparation is a boon to catarrh sufferers and any druggist will tell you that Stuart's Catarrh Tablets is a remedy that has come to stay.

## CAME HERE AFTER A BRIDE

### WILLIAM LITTLE, A NEBRASKA FARMER, MAKES LONG TRIP.

### Learns That His Intended is an Inmate of Fannie Joy's Bauer Avenue House.

William Little, a Nebraska farmer, whose home is only a few miles from Lincoln, Neb., came here today to meet and marry a woman he had never seen. Little is a well-to-do farmer, whose wife died about two years ago and left him with a family of five children. For them he wanted a housekeeper and unluckily for him struck up a correspondence with Mrs. M. C. Clark, who gave her residence as 111 Bauer avenue, Fort Wayne, Ind.

The letters became endearing and finally there were hints and finally a proposal of marriage. The woman needed money and altogether Little sent her $29. Mrs. Clark (?) was not anxious to marry at once and suggested that when they marry the ceremony be performed in Chicago, where she would meet her to-be husband. Little grew tired of waiting and decided to come to Fort Wayne and get his "darling." He arrived this morning and it didn't take him long to find out that the woman was an inmate of Fannie Joy's place, on Bauer avenue.

Officer Pappert helped ferret out the "never-to-be-bride" and at 2:30 o'clock this afternoon Detective Colling brought Mrs. Clark (?) to the police station, where Little was in waiting. The woman was not anxious to marry and the couple are talking matters over with Superintendent Gorsline as The Sentinel goes to press. One thing is certain, there will be no wedding.

### DEMOCRATIC CLUB MEETING.

Indianapolis, Oct. 2.—A few delegates to the convention of the National Association of Democratic Clubs were distributed about the hotel lobbies today. Adlai E. Stevenson is expected this evening and W. J. Bryan on Thursday. By tonight delegates are expected to begin arriving in large numbers. A number of the arrivals today hold proxies for several clubs and it is likely that, while a large number of clubs will be represented, many will be represented by proxy.

### SUPREME COURT RULINGS.

Indianapolis, Ind., Oct. 2.—(Special.)—The supreme court today denied the motion to substitute new parties in the case of Annie Smith et al. vs. Willard Fairfield, Allen county.

The appealate court today reversed the case of Julia Everett vs. Stuck.

A division of the wheat crop in Ellis county, Kansas, would not give each resident more than 1,333 bushels.

It is said that this year's cotton crop will pay for the cost of production and enrich the south with a profit of $200,000,000.

After 10 years of costly experiments lemon growing has become one of the most profitable industries of California.

A Chinese plow is a light affair, made of a crooked stick, with a steel point fastened to it, and is pulled by a water buffalo.

Wolf River, Bumblebee Lane, Turkey Ridge, Northern Lights, Beanville and Idle Hour are communities in Doniphan county Kansas.

A Chinaman cannot obtain naturalization in the United States, but the American-born children of Chinese residents are citizens by birth.

The city of Baltimore has resolved to dispense with gas entirely and use electricity unless the gas companies reduce the rate for gas from that now charged—$1.10 per 1,000 feet.

Goshen, a small city in Indiana, has a lower water rate than any other city in the United States. The plant is owned by the municipality, as is also the electric light plant.

An electric autocarette in Washington, D. C., recently caught fire in the street from a short circuit, necessitating the use of a lawn hose before the flames could be extinguished.

Russia is primarily an agricultural country, and must always be such. Grain, vegetables, timber and cattle-raising, with their closely allied products are the mainstay of the Russian workman. But manufactures have increased of late years to an almost marvelous degree.

The Bolivian government has appropriated about $50,000 for the preliminary study of three railway lines from Oruro to La Paz and Lake Titicaca, from Oruro to Cochabamba, and from Challapata to Colquechaca. Another road is to run from Potosi to the Argentine boundary.

A curious industry in some of the provinces in China is the manufacture of mock money for offering to the dead. The pieces are only half the size of the real coins but the dead are supposed not to know the difference. The dummy coins are made out of tin, hammered to the thinness of paper, and stamped out to the size required.

# Make Home Beautiful

Fort Wayne is constantly growing up to finer house furnishings. This is especially true in carpets and furniture.

A little extravagance in house furnishings is a commendable thing; making one's home beautiful is just a little the best way in the world to spend money.

Then it is also well to remember that good furniture lasts a lifetime. If in purchasing you buy a cheap article you are soon dissatisfied with it and it will be thrown aside or sold to the second-hand man, to be replaced by the better article you should at first have chosen.

Upon the finer grades of goods we have established such a reputation that few Fort Wayne people ever think of purchasing elsewhere.

## Low Priced and Medium Priced Grades.

While we shall always carry a large line of fine goods, we shall look very carefully after the wants of those who require the low and medium priced goods. Our salesrooms are very extensive, giving us an opportunity for displaying an immense assortment of all grades of furniture, from the cheapest to the best.

If your bill of goods is a little larger than you wish to pay all cash for, come and see us and we will arrange it satisfactorily with you.

DREAMERS.
"There's nothing half so sweet in life as love's young dream." The old song is right. Lovers are dreamers. They create a special world in which they live immune from the hurts and ills which vex common humanity. In their estimate of household expenses there's no place for a doctor. And very often when the dream dissolves they find that the doctor's bill, the one thing they didn't count on, is now the one thing that's as regular as rent and taxes. And many times it is money wasted. Dr. Pierce's Favorite Prescription will do for a woman and her womanly ills, practically everything that can be done by any doctor or medicine. It regulates the periods, dries debilitating drains and cures inflammation, ulceration and female weakness. It makes childbirth easy, and thousands of nursing mothers have testified to its tonic and strength giving properties. It contains no alcohol, neither opium, cocaine or other narcotic.

Mrs. Annie Blacker, of 629 Catherine Street, Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor. I had four miscarriages, but since taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' I have much better health, and now I have a fine, healthy baby."
Free. Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent. stamps, to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

# TALKS FOR BRYAN

## DAVID B. HILL ADDRESSES BROOKLYN MEETING.

## GREAT THRONGS HEAR HIM

## HE MAKES A STRONG PLEA FOR BRYAN.

## BEVERIDGE IN KANSAS CITY

## ELOQUENT HOOSIER SAYS WE NEED MORE MARKETS.

New York, Oct. 2.—David B. Hill was the principal speaker at the Academy of Music, Brooklyn, last night, the occasion being the opening of the democratic campaign in Kings county. The ex-senator's address was mainly on the subject of imperialism. He paid marked tribute to William J. Bryan and declared his election would be a national boon. Comptroller Bird S. Coler, who had been scheduled to preside over the meeting, was unable to attend.

The hall was crowded to its capacity when Presiding Officer John F. Clark called the meeting to order. A telegram of regret was read from Mr. Coler, after which Mr. Hill made his appearance upon the platform.

SAYS HE SUPPORTS TICKET.

Mr. Hill was applauded vigorously when he arose to speak. He said in part:

"I make no apologies to anyone for my activity in this campaign. I participated in the convention at Kansas City which framed the platform and named the candidates—a convention which treated me with marked courtesy from the commencement to the end of its proceedings—and as an honorable man I was bound to acquiesce in the result of its deliberations. I expressed my intention at the convention in seconding the nomination of our national candidate for president in behalf of the masses of the democracy of the state of New York to give the ticket not merely my acquiescent adherence, but my active support, and that assurance I am now fulfilling. I repudiate the idea so persistently inculcated by impracticable doctrinaries that every time a citizen is outvoted in a convention, a church, a corporation, or a society, even upon a material matter he is in honor bound to bolt and form another party, establish a new church, set up a rival corporation or organize a second society.

"It is the contention of the democratic party that the constitution is and must be supreme over every portion of our country. Hence there can be no such thing as an American colony belonging to the United States and over which our constitution has no jurisdiction. Such a situation is impossible under our form of government.

"But the attempt of the national administration to hold the Philippine islands against the consent of their people has led to the promulgation of a new doctrine in American affairs, which insists upon the establishment of a system of colonial government over conquered or purchased possessions, not to be turned into states or territories, but to permanently remain as colonies and to be governed by congress outside of the constitution and according to its own discretion. This position is unprecedented, unwarranted and revolutionary.

"It is a monstrous doctrine that the constitution does not extend to the territories. It has only now been invoked to justify the proposed establishment of colonial governments which are confessedly to be and remain outside of the constitution."

SAYS WE NEED MARKETS.

Kansas City, Mo., Oct. 2.—Senator Beveridge, of Indiana, was the principal speaker at the republican mass meeting here last night. He said in part:

"In this campaign the paramount issue is patriotism. For this is an American campaign. Higher than all partisan divisions are involved the interests of the American people against the interests of every other nation. Deeper than all surface discussion are involved the struggle of the American people for the markets of the world with every other progressive people for the markets of the world.

"Fellow citizens, markets are the mightiest factor not only in the prosperity of every one of you, but in the civilization of the world. Aside from revenue our tariff is of importance only as it affects markets for our products. Our financial system is of importance only as it affects market for our products. Money is only a medium of exchange. All the agencies of government are means to two great ends—the maintenance of social order and well being and the exchange of the products of human toil.

"The whole problem of prosperity today and for all the future consists in finding and securing to ourselves forever markets for what we produce in factory and on farm more than we ourselves consume."

PARK CARS ARE OFF.

Monday evening street car service to Robinson park was abandoned for the season, with the possible exception of next Sunday, when, if the day be pleasant, the cars will make their last trips to the park for 1900. A force of workmen are now putting the park in shape for the winter. Commencing today the Traction company began substituting closed cars for the summer cars on all the lines, as the evenings are already uncomfortably chilly for the open cars.

## UNITE AGAINST CIGARETTES

## YOUNG PEOPLE'S SOCIETIES FORM A FEDERATION.

## Fourteen Organizations Represented —High School Girls Join the Movement.

Fourteen young peoples' societies in Fort Wayne sent delegates to a meeting held Monday evening at the First Baptist church, and the result was the formation of a federation of the societies to carry forward the anti-cigarette and anti-vice crusade which is well under way.

Charles Hood, president of the Baptist Young Peoples' union, presided at the meeting, and Dr. W. T. Ferguson opened the meeting with prayer. Willis Brown, of Chicago, national chairman of the Federation of Young Peoples' Societies of America, explained the workings of the federation, and reports were made of the work recently done in the public schools of the city. It was decided unanimously to perpetuate the work, and a permanent federation was formed, with officers as follows:

Chairman—Paul Mossman.

Vice Chairman—Mrs. E. R. Gesaman.

Secretary—Will Myers.

Treasurer—Charles Hood.

Dr. W. F. Schrader was chosen as superintendent of the anti-vice department. The matter of a permanent superintendent for anti-cigarette work was left to the officers. The central council of the federation will consist of the presidents of the different young peoples' organizations, including the secretary of the Y. M. C. A. and a representative of the W. C. T. U. The general council shall consist of one member of each young people's society. The federation of young peoples' societies is simply a uniting of the existing forces for practical effort. The anti-cigarette work will be directly in charge of three trustees, Dr. W. T. Ferguson, E. R. Gesaman and M. S. Willson.

WILL MEET TODAY.

Two thousand boys and girls of the city schools have signed the anti-cigarette pledge, and in each school a boy and a girl have been elected as superintendents. This afternoon these will meet at the city hall at 4:30 to elect officers for the city anti-cigarette league, which is to be a part of the national organization, which has half a million boys and girls in its ranks.

HIGH SCHOOL LEAGUE.

Monday afternoon forty girls of the Fort Wayne high school united in the formation of an anti-cigarette league, elected officers and adopted a set of rules. The officers are:

President—Miss Clara Porter.

Vice President Miss Charlotte Martz.

Secretary—Miss Hildegarde Lane.

Treasurer—Miss Mann Beebe.

THEIR RULES.

1. It is resolved that this association shall be called the High School Anti-Cigarette league of Fort Wayne.

2. It shall be the duty of every member to do all in her power to stop the use of cigarettes by young men.

3. Each member agrees to speak to as many young men as possible and at least one each week on the evil effects of cigarettes. A list of users of cigarettes and cigarette tobacco shall be furnished at each meeting with the names of those already spoken to.

4. If, after being spoken to on two occasions, a young man shall persist in using cigarette tobacco, all members hereby agree not to speak or notice him upon any occasion until he shall furnish positive proof that he has abstained from them for fully four weeks.

5. Pipes are not permissable.

6. These rules shall be printed and copies given to any young man who still persists in using cigarettes after being told once of the ideas of the members of the league.

7. Regular meetings shall be held each Friday at 4 o'clock p. m., for the checking up of cigarette users, and such other business as may come before the league.

# THE MARKETS.

Chicago, Oct. 2.—Wheat was inclined to easiness the first hour of business today. November opened a shade higher to ⅛@¼c lower at 77¾c to 77⅛c and shortly afterwards was quoted at 77¾@77⅞c. Unfavorable weather in the northwest, with predictions of snow and rain, together with higher cables, were the chief influences. Offerings were liberal, however, and November reacted to 77⅜@77⅛c. Local receipts were 421 cars, 27 of which were graded contract.

Lighter western receipts resulted in a November rally to 77⅝c, but the increase in the world's visible caused renewed selling and the close was heavy, November ½@⅝c lower at 77⅛c.

Corn was quiet but firm on wet weather. Receipts were 644 cars. November opened ⅛c higher at 37¾c and sold to 37⅛c.

The close was firm, Nov. ⅜c higher at 37½c.

Oats were dull but firm. November opened unchanged at 22¾@22⅞c and sold to 22⅛c. Receipts were 326 cars.

Provisions were firm on decreased stocks of finished products. January pork opened at $11.75@11.77½ and sold to $11.83½; January lard opened at $6.90 and January ribs at $6.30@6.32½.

THE DAY ON WALL STREET.

New York, Oct. 2.—The realizing movement which set in yesterday afternoon was still in evidence at the opening of the stock market today and carried prices generally down a fraction. A sufficient number of stocks advanced a fraction to make the market slightly irregular. Business was not very active. About a half-dozen stocks, members of various groups, rose a point or over after the opening, but their movement had no notable effect on the general list. Sugar then ran off to 117 and nearly everything else reacted in sympathy. C., C., C. & St. L. common and preferred advanced 1½ on continued gossip of absorption by the New York Central. New York Central rose 1¼, Canada Southern 1¾ and Lake Erie and Western three points.

The Vanderbilt stocks rose strongly on very light dealings. New York Chicago and St. Louis, common and second preferred, and Lake Erie and Western preferred rose 1@2 points. St. Louis Southwestern preferred advanced a point and International Paper preferred sold up 1½. Otherwise the market for the active stocks was lower, but there was no pressure of stocks.

## KRUGER GETS INTO THE GAME

## HE PLAYED SECOND BASE FOR ST. LOUIS.

## Made Two Errors but Hit the Ball and Scored Two Runs Boston Beat Brooklyn.

Otto Kruger, the fast little infielder who did such grand work for Fort Wayne this season, got back into the game yesterday at Chicago and played second base for Manager Heilbroner's St. Louis team. As was often the case with Kruger while in the Inter-State, he made a couple of errors—wild throws. Generally his errors here were fumbles. But Otto atoned for these wild throws by lambasting the ball for a two-bagger and a three-bagger and scoring the only two runs scored by the St. Louis team. The Chicago Tribune, in speaking of his work, says:

"Young Kruger, who once played third base for Cleveland, but who has been trekking around the Inter-State league with the Fort Wayne club this season, was busy. Kruger essayed to hold Keister's langer against the enemy, and his bad marksmanship gave Chicago the lead early in the game. To make amends for his two wild throws Kruger proceeded to drive the ball around the field in merry style, and by two hard drives earned for St. Louis a pair of tallies to offset those his errors gave Chicago.

"But immediately after Kruger had atoned and evened up the score McGraw made a wee fumble, just enough to permit Strang to beat the ball to first, and as Jones followed up McGraw's mistake with another, Chicago went ahead and won handily."

TALKS THROUGH HIS HAT.

The South Bend correspondent of several metropolitan papers was taken a "ride in the wagon" by "Doggie" Miller while the Fort Waynes were in that city and in consequence sends the following dispatch to his paper:

"Manager Miller, of the Fort Wayne Inter-State league team, states that in all probability Pittsburg will have an Inter-State league club in 1901. Miller says Dreyfus is willing. The Pittsburg National league lease of the Allegheny grounds has only two more years to run, and the management is to lease a tract in East Liberty and install the Inter-State team there to test base ball in that location. Anderson and Marion will be out of the league next year because of poor attendance. South Bend has been asked to join the circuit, but refuses to have anything to do with league base ball."

## FIRED AT THE BARTENDER

## STRANGER DEMANDS A DRINK AT HARRY GILBERT'S.

## When Refused He Sent a Bullet Crashing Through the Mirror—Police News.

At 5:10 o'clock this morning a stranger stepped into Harry Gilbert's saloon on Calhoun street and demanded of the bartender, who had only recently accepted employment, that he be given a drink. The man had no money, and the bartender refused to give him liquor. The stranger hurriedly pulled a revolver from his pocket and fired across the bar at the head of the bartender, who is not a tall man. The bartender dodged below the bar as the man drew his gun and the bullet missed him and crashed into the big mirror, smashing it to pieces. The stranger turned and ran from the saloon and was seen running towards the depot, but only a few people were on the streets and as several ice wagons were in the vicinity the sound of the shot did not attract attention, but the fleeing man did, and Bide Barnett and several others, including the bartender, were able to give the police an accurate description of the gun-operator. The man was sober and unless he was crazy the bartender can not account for his desperate action.

The hour was at a time when the night police had just left their beats and it was some time before Officer Elliott and others learned of the shooting. The description was furnished all the patrolmen and a sharp lookout has been kept for the stranger all day.

POLICE NOTES.

There were two drunks in police court this morning, Mike Peet and Charles Lamburg, both arrested by Officer Rohrer. Mayor Scherer sent the fellows out of town.

Officer Murphy is sick and off duty.

Weil Bros. report that some person entered their yard on North Clinton street and stole a half dozen carpenter's tools. No clue.

A DIPLOMAT'S STEALINGS.

New York, Oct. 2.—A dispatch to the Herald from Valparaiso, Chili, says:

It is estimated that the amount of money alleged to have been embezzled by the former Spanish minister, Salvador Lopez y Guijarro, is more than $100,000. The money belonged to Spanish subjects, who are very indignant. Lopez received the funds from the Chilean government to pay damages sustained by Spaniards during the revolution of 1891. Having presented his papers of retirement, the minister disappeared without paying a cent to the claimants. A big fire occurred yesterday in the business center of Valparaiso. The loss was very heavy.

ROBBED THE GRAVE.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c., guaranteed, at Dreier & Bros.' drug store.

BOY IS LOST.

The parents of Francis Sowers, aged seven years, are hunting their little son this afternoon. Robert Sowers moved into Fort Wayne from the country Monday and occupied a house near the corner of Montgomery and Lafayette streets. Francis, the son, started to the Clay school this morning, and at noon was dismissed with the other children. He failed to come home and to return to school and the parents believe he is lost somewhere in the city.

## THE YOUTSEY TRIAL BEGUN

## THIRD OF ACCUSED IN THE GOEBEL MURDER.

## The Prisoner Was Private Secretary to Governor Taylor—Attachments for Witnesses.

Georgetown, Ky., Oct. 2.—Henry Youtsey, a stenographer in the office of Governor Taylor during the latter's incumbency, was called for trial today in Judge Cantrill's court on the charge of being a principal in the shooting of Governor Goebel.

This is the third trial of those indicted in connection with the case, that of James Howard having resulted in the death sentence as a principal, and that of ex-Secretary of State Powers in life imprisonment for complicity.

An attachment was secured by the state for Attorney Scott, of Frankfort, whom, it was stated, will be an important witness. Sixty witnesses, of whom only twenty-one answered, were called by the prosecution.

Attachments were asked for the absentees and the prosecution announced its readiness to proceed with the trial.

Youtsey, accompanied by his wife, was brought into the court room. He appeared in good health.

Criminal statistics just published in Germany reveal the fact that the most marked increase in crime is shown by the agricultural provinces rather than by those containing the industrial centers. It is an exclusively agricultural province on the eastern frontier which is the most criminal. The statistics, it is claimed, also show an increasing tendency to crime in the empire as a whole.

# BEAT THE RECORD

SEPTEMBER BUSINESS THE HEAVIEST IN HISTORY.

BLEY THE NEW YARDMASTER

WAS APPOINTED SUCCESSOR TO HARRY BRILL.

ADDING TO THE SHOP FORCE

MORE MEN NOW THAN EVER AT ELECTRIC WORKS.

H. M. Elliott, local agent of the Indiana Car Service association, says that September, 1900, was a record breaker in the number of cars loaded and unloaded in this city. That month there were handled here 1,533 cars, against 1,332 the preceding month, and 918 in September, 1899. The best previous business was last April, when there were 1,412 cars loaded and unloaded in the city. Through freight is not considered in these figures. Mr. Elliott is of the opinion that October may do as well, and possibly better, than September. It is starting out well.

### THE LAST EXCURSION.

Persons wishing to take a cheap ride to Toledo must avail themselves of the opportunity next Sunday, for that will be the last chance they will have this season. The Wabash has concluded to make one more dollar excursion to that city on account of the grand joint meeting of the railway brotherhoods, which will be held in that city on next Sunday. The train will leave this city at 7:35 in the morning and returning leave Toledo at 9:30 in the evening. There will be ample accommodations for all and the railway company expects to take a big crowd to Toledo on that occasion.

### NEW GENERAL YARDMASTER.

Henry L. Bley, who has been the night yardmaster at the east yards of the Pennsylvania for some time, has been appointed general yardmaster, succeeding Harry F. Brill, whose resignation was noted in The Sentinel yesterday. Mr. Bley assumed charge this morning. He has been employed in the yards and on the road for ten or twelve years and is regarded as one of the best of men in that line of work. He is also a good fellow and the appointment could not have fallen to a man more popular with his associates than he. Henry comes from a family of railroad men, his father, Theodore Bley, being engaged in that business for over forty years and is still thus employed. This appointment was as much of a surprise as the resignation of Mr. Brill. Not that Mr. Bley is not competent, but gossip in casting about for the probable yardmaster entirely overlooked him, if the appointing power did not.

### INJUNCTION SUIT POSTPONED.

New York, Oct. 2.—The hearing on the application of Andrew Haines, of London, for an order to show cause why an injunction should not be issued restraining Edwin Gould and others from conducting the annual election of directors of the St. Louis Southwestern Railroad company has been adjourned until Thursday night by consent of counsel.

### THE WOOLEY SPECIAL.

### BIGGEST FORCE IN HISTORY.

General Manager J. J. Wood, who the reporter found this morning at the time number board in the works, said that the Fort Wayne Electric company was now employing the largest shop force in its history. Pointing to the board, he said: "You see there are 396 numbers on that board and each number has a time check on it. That means that there are 396 men in our employ who work under numbers. There are several others who are not represented by number here because there is no room for their checks on the board. I am arranging to have another board built." There are a number of men, such as draughtsmen, electrical engineers, construction men and others, in the employ of the company who do not work under the number system and, of course, have no representation on the time board. Every day adds to the force in the factory. This morning the following were given employment there: Miss Bertha Hobrock, William Thomas Hiendman, John Kern, David Shepler and Barton Renfrew.

### HOW TO FIGHT SMALL POX

STATE HEALTH BOARD'S ADDRESS TO THE PEOPLE.

Says the Disease Will Certainly Appear This Winter if Strict Precautions are Not Observed.

Indianapolis, Oct. 2.—The state board of health has completed an address to the people, warning them against the expected appearance of smallpox in the state this winter. The address will be issued as soon as it can be printed. It will be the largest circular the board has yet issued on the subject of smallpox and will contain numerous illustrations of smallpox patients, instructions as to vaccination, disinfection and diagnosis of the disease. The rules of the state board of health relating to smallpox will also appear in the circular.

The board has discussed the subject thoroughly and has decided first, to issue instructions generally to health officers, physicians and to the people at large, warning them of the disease, and then to attack the disease as soon as it apepars. It is announced that more rigid regulations with regard to the treatment of smallpox will be observed this year than ever before, and that health officers who disregard instructions of the board will be summarily dealt with. The board is determined it is announced, to have "no fooling" this year when smallpox breaks out.

At the outset the board states that there were two thousand cases of smallpox in Indiana last year. That the disease was very mild, however, as shown by the statement immediately following the figures to the effect that out of the two thousand cases there were only about twenty deaths. But the board of health does not believe smallpox will continue in such mild form long. It has been the experience that where for the first few years, the disease has appeared mildly, it has gradually grown more virulent, until patients die by the hundreds.

These circulars urge those in whose houses smallpox existed last year to clean up thoroughly, and disinfect and burn everything that might breed smallpox germs. It urges, above all, vaccination and the revaccination of those persons who have not been vaccinated within the last seven years. With vaccination, it says, there is no need of fear from smallpox, and it cites the fact that the state health officer, who has not had smallpox, goes among the most virulent cases without either catching or carrying contagion. He vaccinates himself nearly once a month, and thoroughly disinfects his clothing.

The board says by taking precautions against the disease early great disaster to the state may be averted.

A cargo of fresh meat from the River Platte, preserved on the passage by a new process, has been landed at Liverpool. It is believed that the experiment has been entirely successful.

BRUSHING UP....

A really good brush, whether for teeth, nails or hair, always shows when it has become time-worn. In the selection of such an article price should not be the only factor. We have an unsurpassed lot, in which the curing of the bristles and working in of other parts are of the best. These brushes are in numerous styles and lengths, bleached and unbleached, and for the quality are very low priced.

Large Wheels

are going out of date. The small bicycle style of a wheel is the proper thing for a carriage. We want to interest more people in that kind. The cost is not great, and the pneumatic tires afford about one hundred per cent. more comfort than the old style.

The Economical Housekeeper.....

Has learned the lesson that unreliable house-furnishings are dear at any price and that the best is cheapest in the end. Best with us means what it says, and best costs here what you would have to pay for Scrub Brushes that do not scrub, Brooms that do not sweep, Mops that loose their whiskers, and other things that wear their usefulness out in record time.
